Taking shape

Construction workers Val Pompomio and Larry Andrews smoothed out the rough spots Friday as they worked on the site of the 34th District Court expansion in Romulus. The two men work for Michele Pompomio

and Sons Construction in Rockwood. The men said construction is progressing on schedule, and is expected to be complete by Jan. 1, 1991. ANP photo by Werner Slocum/staff photographer

Few leads in hotel killing

By MARY SHRIRODA
ANP Special Writer

Romulus police are still searching for clues in the recent homicide of Robert C. Shaffer, a South Carolina resident.

Shaffer, 60, was found dead in his room at the Knights Inn, 8500 Wickshire Road on June 27. According to Sgt. John Myers, Shaffer had slash wounds on his chin and the back of his head. Shaffer apparently bled to death from a puncture wound to his forehead that may have been the result of a fall in his room, Myers said. The Wayne County coroner's report indicated he also had a crushed neck.

Though police now have a few leads, Myers said releasing new information at this time could hinder the investigation.

Shaffer was last seen alive at the Quality Inn, 318 Wick Road by a woman who works as a bartender at the motel. Visibly intoxicated at that time, he reportedly left the motel after the woman refused to serve him.

Police believe Shaffer was the victim of a robbery. Witnesses report seeing him carry large sums of money. Police are unsure if he was carrying a large sum of money when he left the Quality Inn, but he was found dead with just \$4.

According to a local realty agent, Shaffer had been trying to lease an apartment in the area. Myers said he may have spent his money on an apartment lease or a rental car.

The story of the homicide has generated a lot of interest, Meyer said. The police are still investigating.

Residents riled by housing complex

By DAWN ABFALTER
ANP Staff Writer

Nearly 100 Romulus residents concerned about the development of vacant land owned by Byrne Benson in the Meadowdale subdivisions expressed their views Monday at a special meeting.

Benson announced plans recently to develop the property with homes of less value than those currently in the Meadowdale subdivision.

Residents viewed slides early in the meeting which showed the various styles of housing to be built on the site.

Residents attending the meeting expressed concerns that the homes which Benson plans to build will cause their property values to decrease.

Irate Meadowdale homeowners said they are sure to lose their investment should these homes be built.

"Mr. Benson, do you care really how all of us feel?" one resident asked.

"I understand how everyone feels and I have a right to capitalize," Benson said.

The property in question was purchased by Benson who at the

time announced no specific plans for development. The homes being built next to the Meadowdale subdivision are expected to sell for \$49,000. Homes in the Meadowdale subdivision sell for \$70,000 to \$90,000.

The property is zoned for residential development. Councilmembers Monday made it clear to residents that as long as Benson was complying with the zoning ordinances, he is free to build the homes.

The city attorney suggested that if once the homes are built there is some concern about the owners not maintaining their property, then residents should feel free to complain to the city.

Residents also asked that councilmembers consider rezoning remaining vacant lots to require construction of more expensive homes.

Councilmembers said they will discuss rezoning matters at 7 p.m. July 16.

Residents suggested they might picket the development, and asked advice of councilmembers. It was suggested that the residents speak with an attorney regarding the best approach for staging a demonstration within the guidelines set by law.

Police to 'walk their beats' in Romulus

By MIKE FRAYER
ANP Special Writer

Fred Dansby had a better idea.

As a part of the Drug Abuse Resistance Education program in Romulus, Dansby, chief of police in the city, utilized a technique considered outdated by some law enforcement officials. He assigned two officers and two cadets to walk designated beats in the city in an effort to promote drug awareness and establish a presence for the police department with residents.

According to Mayor Beverly McAnally, the officers involved and the residents, his idea worked.

At a meeting of the city Mayor's Task Force on Substance Abuse Prevention Tuesday afternoon, John Smagner, one of the officers assigned to a beat explained that the reaction of area residents has been 100 percent positive to the walking program.

"Most of the kids know me," Smagner said. "Residents feel comfortable with us. We want people to feel safe and comfortable around us," he told the mayor and task force members.

McAnally noted that the beat program is an idea which the city just started this summer. "It is a very excellent program," she said. We have had a strong emphasis with the police department on drug education, drug resistance and coping skills," she said.

According to McAnally, the reaction from the public to the officers walking the beat has been surprising. "People are surprised to see police officers walking without their cars," the mayor said. "Many have been offered the use of phones or have been asked whether their patrol cars have broken down," the mayor said.

Dansby had considerable praise for the progress the city has made using the beat program and several other types of

activities to promote drug education and awareness.

"We were at a point where you couldn't drive through some parts of this city without having people running beside cars, offering drugs. Now, we have drug dealers saying they can get people drugs in other cities or elsewhere," the police chief said. "We will never be totally drug free, but we are finally making progress and seeing results."

McAnally was also very pleased with the progress the city is making and noted that at the recent July Fourth celebration in the city the consumption of alcoholic beverages was, according to the mayor, considerably lower than usual. She also cited the recent city golf event where many people came with the intent of remaining alcohol free.

"It is very nice to see people coming out and having a good time without having to drink alcoholic beverages," McAnally said.

The task force is planning a second Family Day in cooperation with General Motors Inland Division. The first event of this type was exceptionally successful, according to the mayor and company representative Bill Nash. The automobile plant will be open for workers and their families Aug. 26 and films and information regarding drug education will be available. Plans include offering the opportunity for workers to pledge to remain drug and alcohol free while on the job.

"We have replaced the company picnic with Family Day and people are doing fine without the alcohol. Events can be fun without alcohol," Nash said.

"Romulus has been in the forefront of drug education. We have made a shift to being prevention-oriented to education-oriented which places us at the forefront of the state," the mayor concluded.

Man takes hostages, then kills himself

By JEFF HAWKINS
ANP Staff Writer

A friend and neighbors of 30-year-old Westland resident Larry Hill were surprised to learn Tuesday that Hill took his estranged wife and their two children hostage, later turning the gun on himself.

At approximately 9:30 a.m. Tuesday, Hill entered a home on Columbus Street in Wayne and at gunpoint held his wife, Nancy, and children Brittany, 6, and Owen, 3, hostage. Police were kept at bay for more than nine hours. After releasing Nancy and his two children at approximately 6 p.m., Hill shot himself in the head with a .22 caliber rifle.

"He never gave any indication to me that he would kill himself," said Frank Bellman, a friend of Hill's.

Hill had been staying at Bell-

man's house while he looked for a new place to live.

"I was with him the night before and he seemed like normal Larry to me - kicked back," Bellman said.

"He was staying with me because he didn't have his own place and I tried to help him cope (with his problems)," he added.

According to the Wayne Police, Hill's last official residence was at a home on Alpena Court in Westland.

Hill had been served with divorce papers earlier Tuesday morning according to Bellman. "Larry was in good spirits when he didn't think about the divorce," Bellman said. "He just took it a little harder than most people."

Police reports indicate that Nancy Hill phoned 9-1-1 at 9:36 a.m. claiming that a man had entered her home with a gun.

Police officers dispatched to the scene reported the man shouted, "Don't come any closer." At that time, police officials secured the area and surrounded the neighborhood.

Hill held his wife and kids captive for several hours before the police attempted to deliver a phone through an open window of the residence. Hill intercepted the attempt and fired several shots with two striking the phone, according to police.

"He said he just wanted to be left alone," State Police Lieutenant Richard Miller said.

At approximately 4:30 p.m. police re-established communication with Hill and negotiations with police resumed.

"We are hopeful the siege will end soon," Miller said.

Resident killed in dangerous game

Van Buren Township police are continuing their investigation into the death of a 34-year-old Westland woman who was reportedly playing Russian roulette with a handgun.

Lisa Gayle Pierce of Westland and her 28-year-old boyfriend had been staying with a friend at a trailer court prior to the incident. After the woman's companion had reportedly taken his turn spinning a single round in the chamber of the .38-

caliber handgun and firing it, Pierce was said to have placed the handgun in her mouth and fired.

Police said the bullet went through the victim and then the wall of the mobile home and through another neighboring home. The bullet has not been recovered.

Pierce and her companion had been drinking prior to the incident, but there was no evidence of a dispute between the

two, according to Van Buren Township police who are investigating the incident.

The man left the mobile home after the shooting and returned one hour later with the owner of the home. The police were called at that time.

He told officers he removed the gun from Pierce's hand and put it away before he left the mobile home. A polygraph test had been slated for the woman's companion last week,

but was cancelled because he had not eaten or slept before the scheduled test.

The two had lived in the 6500 block of Parkside since they were evicted from their home on Bay Court, in Westland, approximately one month ago. Neither was employed.

Pierce, who had two daughters from previous marriages, is the daughter of Norma Richards of Florida and Donald Richards, of Westland.

Phone surveyors question residents

By BARBARA GOFFMAN
ANP Special Writer

A Grand Rapids based, right of way consulting company has been surveying the homes in some areas surrounding Metro Airport, collecting ownership information and asking owners for how much they would sell their homes, Mayor Beverly McAnally said.

Terpstra and Associates is representing Wayne County, doing preliminary fieldwork in case these homes need to be purchased to enable Northwest Airlines to build a new terminal at the airport, she said.

The areas being surveyed, however, are not the same homes which would be

affected by expansion, according to the Environmental Impact Statement drawn up regarding expansion, McAnally said.

"We do not believe the map they are using is accurate," she said.

"I would like to warn people not to sign anything and not to tell anyone things they would

like kept private. People should not get alarmed by these solicitors, but they should protect their own interests," McAnally said.

The mayor said that residents should be aware that there also may be speculators in the city, who are not representing the County, who may be trying to buy land.

Candidates vie for commissioner posts

By BARB GOFFMAN
ANP Special Writer

Two Republicans are vying to represent their party this November in the 11th District race for county commissioner. The primary will be Aug. 7.

Linda Chuhran and Victor Gustafson, both of Canton Township, will seek the vote in the Republican primary. Democratic incumbent Milton Mack, of Wayne, will run unopposed.

more local units than there is a Detroit, and they deserve more voice," she said.

Victor Gustafson, her opponent, counters that the largest problem is that elected officials do not listen to the people and do not get out into the community to see problems first hand.

"You can't single Wayne County's problems into one overriding issue. They all stem from a comfort factor. People that are in office too long become comfortable. The public stops calling about problems because they do not feel they are being listened to, and because the commissioners' phones don't ring, they think everything is fine. So problems don't get addressed. We need a pro-active commissioner, going out and asking more questions," he said.

stepping stone. I'm looking to take the background I have and do an excellent job for my county."

Chuhran cites her experience when asked why she is the best candidate.

"I have a lot of resources to bring to the job. By December I'll have eight degrees in a diverse background. I also have legislative and administrative experience. I am goal- and task-oriented. I like serving the people and want to have an impact on the county," she said.

Chuhran works for General Motors in their financial consolidation area. She was Can-

ton Township clerk from 1984 to 1988.

Gustafson is the founder and president of the one-year-old North American Marketing and Consulting firm, which specializes in menswear and golf apparel. He worked for Robert Bruce in management from 1977-'89, when the company closed. Gustafson formed, and is president of, the Homeowners' Association of Canton Township. Last December he was appointed vice chairman of the Canton Township Planning Commission. He has been a Canton Township resident since 1978.

MINUTES OF THE REGULAR MEETING OF THE ROMULUS CITY COUNCIL HELD JUNE 25, 1990 IN THE ROMULUS CITY HALL COUNCIL CHAMBERS

The meeting was called to order at 7:30 p.m. by Randolph Gear, Mayor Pro Tem.

Present: Bergeron, Block, Gear, Lambert, Pennington, Raspberry.

Absent: None

Excused: Wadsworth

Administrative Officials in Attendance:

Beverly McAnally, Mayor

Linda R. Choate, Clerk

James L. Napiorkowski, Treasurer

Motion by Lambert, supported by Pennington to accept the agenda as amended.*

Roll Call Vote Showing: Ayes - Bergeron, Block, Lambert, Gear, Pennington, Raspberry. Nays - None.

Motion Carried Unanimously.

2A. Motion by Block, supported by Bergeron to approve the minutes of the regular meeting of the Romulus City Council held June 12, 1990.

Roll Call Vote Showing: Ayes - Bergeron, Block, Lambert, Gear, Pennington. Nays - None. Abstain - Raspberry.

Motion Carried.

Motion by Block supported by Bergeron to concur with the Planning Commission's recommendation and grant special land use approval to Ameritech Mobile Communications for placement of a communication phone tower on property at 10525 Shook Road subject to approval of all city departments.

Roll Call Vote Showing: Ayes - Bergeron, Block, Gear, Lambert, Pennington, Raspberry. Nays - None.

Motion Carried Unanimously.

90-293

3B. Motion by Bergeron, supported by Pennington to introduce an amendment to Chapter 7, Article IV, Section 7-53, an ordinance amending the boundaries of the original Downtown Development District by the addition of a 42.3069 acre parcel of land generally east of Wayne Road, south of Goddard Road described as follows:

A PARCEL OF LAND LOCATED IN THE NW 1/4 OF SECTION 21, T3S, R9E CITY OF ROMULUS, WAYNE COUNTY, MICHIGAN COMMENCING AT THE N 1/4 CORNER OF SAID SECTION 21, THENCE ALONG THE N-S 1/4 LINE, S 1DEG 37'08" W 60 FT TO POB; THENCE CONTINUING ALONG SAID N-S 1/4 SECTION LINE, S 1DEG 37'08" W 1235.25 FT; THENCE N 87DEG 51'59" W 1312.19 FT; THENCE N 1DEG 08'50" E 15.57 FT; THENCE 5.61 FT ALONG A CIRCULAR CURVE TO THE RIGHT (HAVING A CENTRAL ANGLE OF 1DEG 04'17", A RADIUS OF 300 FT AND A CHORD BEARING S 42DEG 50'17" W 5.61 FT; THENCE S 43DEG 22'26" W 457.87 FT; THENCE N 46DEG 37'34" W 60 FT; THENCE N 43DEG 22'26" E 457.87 FT; THENCE 94.13 FT ALONG A CIRCULAR CURVE TO THE LEFT (HAVING A CENTRAL ANGLE OF 22DEG 28'27", A RADIUS OF 240 FT AND A CHORD BEARING N32DEG 08'13" E 93.54 FT); THENCE N 1DEG 08'50" E, 265.17 FT; THENCE ALONG THE SOUTH LINE OF LOT 22 OF SUPERVISOR'S ROMULUS PLAT NO. 2 (RECORDED IN LIBER 85 OF PLATS, PAGE 51, WAYNE COUNTY RECORDS), N 87DEG 33'47" W 239.72 FT; THENCE ALONG THE WEST LINE OF SAID LOT 22, N 1DEG 22'01" E 837.80 FT; THENCE ALONG THE SOUTHERLY RIGHT-OF-WAY LINE OF GODDARD ROAD (120 FT WIDE), S 87DEG 50'14" E 800.94 FT; THENCE S 2DEG 09'47" W 120 FT; THENCE S 87DEG 50'14" E 120 FT; THENCE N 2DEG 09'47" E 120 FT; THENCE ALONG THE SOUTHERLY RIGHT-OF-WAY LINE OF GODDARD ROAD (120 FT WIDE), S 87DEG

DIGEST

Paving contract OK'd

Romulus city councilmembers unanimously approved Monday evening to pay \$13,811 to Continental Contracting, Inc., of Mt. Clemens, to perform the 1990 Centerline and Edgeline Pavement Marking Program.

The contracting company offered the lower of two bids to do the job.

Tax abatement is eyed

A public hearing to decide if Header Products, Inc., a manufacturer of small metal parts used in the automotive industry, located on Wayne Road, will receive a property tax abatement for the next 12 years is scheduled for 6:30 p.m. July 23 in the Romulus City Council chambers.

Michael F. McManus, president of the company, seeks to build a new cement block addition, 14,000 square feet, to his manufacturing operation.

The expansion will create 10 new jobs within the next two years, according to McManus.

Under Public Act 198 of 1974, the city council can exempt a company from paying property taxes for a set time limit if the company is improving, acquiring or adding to an existing building.

The application for the tax abatement has been forwarded to the Romulus school board for their recommendation.

Hostage

Continued from page A-1

"But we don't set deadlines." Hill released his hostages unharmed at 5:25 p.m. They were rushed away from the scene and were reported to be in good condition.

It was then, after Nancy Hill and her two children were released, that police thought they heard a gunshot within the residence. Police shot three dry-chemical shells into the home before entering.

When entering the house, police officers found Hill's body with a gun shot to the head.

Hill was pronounced dead at 6:23 p.m. at Annapolis Hospital.

"It was a possibility all day long that he would kill himself and despite everyone's best efforts, he shot himself," Miller said.

Negotiations are difficult

By PATRICIA BROWN
ANP Staff Writer

To the onlooker, a stakeout involving hostages is just that, but to police officials every hostage situation is different and has to be handled with that in mind.

"Hostage negotiating is very difficult to do," said Inspector Michael Frayer of the Westland Police Department, who has special training in hostage negotiations.

One of the first things police have to do when faced with a hostage situation, is try and find out as much as they can about the hostage-taker. Before they can do this, they must attempt to open the lines of communication.

"You have to try and establish some type of rapport with the hostage-taker," Frayer said.

Knowing who the suspect is helps police decide the mental condition of the individual, which is important when assessing the situation.

Once the lines of communication have been opened, more than one police official is involved in the negotiating. The negotiating team usually will consist of a primary negotiator, a backup and another officer who runs the phones.

The key to any hostage situation, according to Frayer, is time.

Romulus resident Viola Harris receives hugs and kisses from a few of her many family members at a special celebration marking her 90th birthday. Friends, neighbors and family gathered Tuesday afternoon for the luncheon event at the Romulus recreation center. ANP photo by Werner Slocum/staff photographer

Local woman marks 90th year

By MARY SHRIRODA
ANP Special Writer

Viola Harris was born at the turn of the century in 1900 when a loaf of bread cost five cents, an average income for a man was \$432 a year, and people were still leery of electricity.

Today, 90 years later, a 10-foot long "greeting card" that

was fashioned by a computer spelled out "Happy Birthday Viola" at the Romulus Recreation Department.

With black hair that is only lightly streaked with gray, Harris does not look like a lady who is the great-grandmother of 31 and great-grandmother of 37. Longevity runs in her family, she said. They boast six living

sets of five generations.

Harris was born in Stratford, Ontario, July 9, 1900. An only child, she came to the United States with her parents when she was nine months old. She remembers growing up on Macomb Street in Detroit when many of the streets of the city were paved with brick.

Helping her celebrate her birthday were many of her re-

latives and Romulus seniors. Among the many birthday cards she received were greetings from President and Mrs. George Bush and Governor James J. Blanchard.

"I just lead a normal life," Harris said. "I don't feel like I'm 90."

She added that children today should stop using drugs or "they'll never live to be 90."

Local youth attend conservation camp

By JOAN DYER-ZINNER
Belleville City Editor

Ten area youngsters are focusing on ecological awareness—and also having fun—this week at the Michigan United Conservation Club summer camp.

The six boys and four girls are participating in the annual MUCC summer camp that has attracted thousands of youngsters from across the state since its founding more than 40 years ago. Campers are studying water safety, hunting safety, plant and animal identification and ecological awareness.

Attending the camp at Mill Lake in the Waterloo State Recreation Area are Belleville residents Bradly Aldrich, Jason

Bies, Brian Lombardo and Crystal Dearing; Romulus residents Lianna Daly and Ericka Rinehart; Westland resident Jennifer Benoit and Ypsilanti resident Billy Pugh.

Goal of the camping experience, said MUCC member Wayne Lybeck, is to form a nucleus of young people who have ecological awareness. Following their return from camp, some of the campers will have an opportunity to attend a conservation club meeting to share their experiences, he said. But, of more importance, Lybeck said, is that youngsters can put their newly found knowledge into practice in their homes, in their schools and in their communities.

Ernest Knust, camp commit-

tee chairman, noted that the youngsters attending the camp this year were chosen for their interest in ecology. However, he said, next year the club is hoping to have at least 30 applicants for the camping experience and select local campers through an essay competition.

Brian Lombardo, 13, is attending the camp for the second time.

"Last year I won first place in the essay contest and went to the MUCC camp," Brian said. "I was looking forward to returning because I loved everything about the camp. I enjoy the outdoors."

Following his return from the 1989 session, Brian put his experience into practical use in his science class at North Mid-

dle School. Some of the information he learned in camp helped him in the classroom and also provided background material for writing essays on various ecological topics.

"After I came back from camp I was really aware about how my actions affect the environment. I didn't want to throw trash out of the car window, and I tried to pick up things I saw discarded on the street when I was out walking," Brian said. "Two of my friends and I started a recycling project at North. We put out a bin to collect aluminum juice cans. Before we did that, the cans were just thrown away. After the bin was put out, it was filled to the brim every day."

Romulus students honored for excellence

Before the end of the school year, top students at Romulus Senior High School were honored for academic performance.

Named to the honor roll were:

Grade 12 Principal's list
Jarmo Ake, Lynnette Cain, Shawn Davis, Kimberly Johnston, Estelle McWilson, Kimberly Roach and Elaine Wood.

Automatic weapons create dispute

By BARBARA GOFFMAN
ANP Special Writer

Forty semi-automatic pistols have been sitting dormant since the Romulus police department purchased them in March.

The patrol officers' union representatives have recommended officers not train to use the weapons during normal working hours; the union wants the officers to be trained on over-time pay.

Deputy Chief Leonard Rukkila said only the detectives, sergeants and lieutenants are now using the new guns, 9mm Glocks, because they are in a different union than the other patrolmen.

Contracts are being negotiated for training.

Rukkila said, "Considering that everybody else has an automatic, this gives the officer more protection."

The 9mm Glock is a "better gun, with more fire power than the 357 Ruger (which is the older gun used by the police department), Rukkila said. The pistols fire faster than the revolvers too: 15 rounds to 6, respectively, he added.

Money for the purchase of the new guns came from the Drug Forfeiture Funds. The gun purchase was approved by city council.

Officials said it is uncertain when negotiations with the union will be complete and when the officers will be free to train in the use of the weapons.

3 students attend Boy's State

By MARY SHIRODA
ANP Special Writer

Three Romulus Senior High School students were among 1,000 Michigan boys selected to attend the 53rd annual American Legion Boys' State Program at Michigan State University June 14 through 20.

Attending the Boys' State program were: James A. Christie, son of Rick A. Christie and Amelia Deichert, sponsored by the Progressive Club of Romulus; Andrew S. French, son of Augustus and Annette French, sponsored by the Kiwanis Club; and Dennis W. Tessin, son of William Tessin and Sharon McLaughlin, sponsored by the Romulus Rotary Club.

All three boys will be seniors this fall.

Drug issues brought to parks

Police officers involved with the Romulus Drug Awareness Resistance Education program will visit 12 city sites in July and several more in August, including neighborhood recreation centers, teaching children about the dangers of drug usage and instructing them how to say no to drug pushers, DARE officer John Smagner said.

"Every area in the city will be hit by August by a part of the program, whether its a (recreation) center visit or a foot beat or both," Smagner said.

DARE officers will meet with children at the Mount Pleasant School July 9; the Oakbrook Subdivision, July 10; the Hale Creek School, July 11; and the Metro Mobile Homes, July 13.

Youth attend world conference

By BARBARA GOFFMAN
ANP Special Writer

Four Romulus Senior High School students listened to lectures and participated in discussions about world problems at the 14th Annual World Affairs Seminar, staged last month at the University of Wisconsin.

Yolanda Hullum, Amanda Kesner, Marchi Tomchick and Steven Yates were chosen by their school counselors to participate in the conference because of their scholastic achievement, positive teacher

recommendations and essays explaining their interest in participating in the event.

At the seminar, students from 50 countries listened to lectures about, and later discussed, the various types of government systems operating in countries throughout the world. Comparisons were made between the U.S.S.R. and China and between Eastern and Western Europe.

Tomchick, who will be entering her junior year in the fall, found the interest students, local and foreign, had in other countries' government sys-

tems surprising.

"Many foreign students came to the conference thinking that Americans are very materialistic and uninterested in helping anyone, but they found out that wasn't true and that we are just like they are," she said.

Each of the four students received a \$200 scholarship to attend the seminar. Hullum was sponsored by the Progressive Club. Tomchick received the support of the Kiwanis Club. Kesner's and Yates' trips were funded by the Romulus Rotary Club.

MINUTES OF THE REGULAR MEETING OF THE ROMULUS CITY COUNCIL HELD JUNE 25, 1990 IN THE ROMULUS CITY HALL COUNCIL CHAMBERS

Continued from page A 2

50'14" E 637.92FT TO THE POB, CONTAINING 42.3069 ACRES (INCLUDING 2.4022 ACRES FOR ROAD RIGHT-OF-WAY). ALSO, EASTERLY 252.48 FEET OF LOT 17A; LOT 21 SUPERVISOR'S ROMULUS PLAT NO. 2, SECTION 21, CITY OF ROMULUS.

Further, in the best interest of all citizens, the City of Romulus, the Downtown Development Authority and the School Board will mutually cooperate in the formulation and preparation of an amended Downtown Development and Tax Increment Financing Plan.

Roll Call Vote Showing: Ayes - Bergeron, Block, Gear, Lambert, Pennington, Raspberry. Naves - None.

Motion Carried Unanimously.

90-294

*3C. Motion by Bergeron, supported by Pennington to schedule a Public Meeting on Monday, July 9, 1990 at 6:00 p.m. for the purpose of discussing the concerns of the residents of the Greenview, Greenview Hills, Greenview Heights, Greenview Valley, Meadowdale, and Applewoode subdivisions. Further, to request the City Attorney, City Planner and Byrne Benson to be in attendance.

Roll Call Vote Showing: Ayes - Bergeron, Block, Gear, Lambert, Pennington, Raspberry. Naves - None.

Motion Carried Unanimously.

5A. Motion by Raspberry, supported by Pennington to concur with the recommendation of Mayor McAnally and to approve the consent agenda items 5A1 through 5A9 as follows:

90-295

5A1. To adopt a resolution authorizing the City to make application to the Municipal Credit Program Grant from Suburban Mobility Authority for Regional Transportation (SMART) for the Romulus Recreation Department.

90-296

5A2. To grant authorization to let bids for the Recreation Plan update, funds for this are available in the Block Grant Program.

90-297

5A3. To approve the request from the Department of Public Works and hold the City Auction on Saturday, July 28, 1990.

90-298

5A4. To enter into a Professional Services Contract with Mr. Rollo Juckette, Auctioneer in the amount of seven (7%) per cent commission on the gross receipts of the sale.

90-299

5A5. To concur with the recommendation of the Tax Increment Finance Authority and adopt a resolution requesting Detroit Edison to relocate its utility lines along Vining Road right of way between Wick and Smith Roads, Section 9 and 10. A copy of the resolution in its entirety is on file in the City Clerk's office.

90-300

5A6. To adopt a resolution of intent to enter into a contract with the County of Wayne and participate in the resurfacing of Ecorse Road from Middlebelt Road to Wahrman Road and to authorize payment of the City's share of \$64,000.00.

WHEREAS: Ecorse Road in the City of Romulus, Wayne County, Michigan, is a County road under the jurisdiction of Wayne County; and

WHEREAS: the Wayne County Department of Public Services is proposing a project to resurface Ecorse Road from Middlebelt Road to Merriman; and

WHEREAS: the Wayne County Internal Resurfacing Program Guidelines call for cities to contribute one-third of the estimated cost for resurfacing projects; and

WHEREAS: the cost for the 1990 Internal Resurfacing Program has been estimated at \$96,000 per lane mile and the local city share has been established at \$32,000 per lane mile; and

WHEREAS: the total cost for resurfacing Ecorse Road from Middlebelt Road to Merriman has been estimated at \$192,000 and the City of Romulus share has been established at \$64,000.

NOW THEREFORE BE IT RESOLVED: that the Romulus City Council does on this the 25th day of June, 1990, take this means to express its desire to join with Wayne County in proceeding with a project to resurface Ecorse Road from Middlebelt to Merriman, and furthermore, does hereby approve and authorize payment of the City's share of \$64,000, in the manner set forth in the Wayne County Internal Resurfacing Program Guidelines dated February 8, 1990.

90-301

5A7. To award Bid 90-20/Gravel, Slag and Limestone to the lowest bidder, Hayball Transport, Inc. in the amount of \$26,110.00 with funds available in the Major Streets and Local Streets funds.

90-302

5A8. To award Bid 90-21/Dust Control Program to the only qualified bidder, Highway Maintenance & Construction Company in the amount of \$51,800.00 with funds available in the Major Streets and Local Streets funds.

90-303

5A9. To authorize the reserve of Fiscal Year 89/90 Cable Television Funds for the purchase of (2) camcorders in Fiscal Year 90/91 in the amount of \$3,012.00.

Roll Call Vote Showing: Ayes - Bergeron, Block, Gear, Lambert, Pennington, Raspberry. Naves - None.

Motion Carried Unanimously.

90-304

5B1 Motion by Block, supported by Raspberry to appoint Mr. Ellis Pennington and Mr. Jimmie C. Raspberry to the Solid Waste Task Force for the purpose of developing a waste reduction program in compliance with Wayne County Solid Waste Management programs.

Roll Call Vote Showing: Ayes - Bergeron, Block, Gear, Lambert. Naves - None. Abstain - Pennington, Raspberry.

Motion Carried.

90-305

5B2. Motion by Bergeron, supported by Pennington to adopt a resolution of Intent to enter into a Solid Waste and Disposal Services agreement with the City of Riverview for solid waste processing and disposal services. A copy in its entirety is on file in the City Clerks Office.

Roll Call Vote Showing: Ayes - Bergeron, Block, Gear, Lambert, Pennington, Raspberry. Naves - None.

Motion Carried Unanimously.

90-306

5C. Motion by Block, supported by Pennington to concur with the recommendation of Orchard, Hiltz, & McClimint, Inc., City Engineers and approve Change Order No. #3 water main replacement for SDI Construction, Inc. in the increased amount of Five Thousand Three Hundred and Nineteen Dollars (\$5,319.00).

Roll Call Vote Showing: Ayes - Bergeron, Block, Gear, Lambert, Pennington, Raspberry. Naves - None.

Motion Carried Unanimously.

90-307

6A1. Motion by Raspberry, supported by Pennington to amend Resolution 90-282 adopted at the regular Council meeting of June 12, 1990 and reschedule the street lighting Special Assessment District Public Hearings to August 6, 1990.

Roll Call Vote Showing: Ayes - Bergeron, Block, Gear, Lambert, Pennington, Raspberry. Naves - None.

Motion Carried Unanimously.

90-308

6A2. Motion by Block, supported by Pennington to approve the second reading and final adoption of Budget Amendments

C-89/90-26,27,28,29,30,31,32 and 33 introduced at the meeting held June 12, 1990 by resolutions 90-275,276,277,278,279,280,281, and 284.

Roll Call Vote Showing: Ayes - Bergeron, Block, Gear, Lambert, Pennington, Raspberry. Naves - None.

Motion Carried Unanimously.

90-309

6A3. Motion by Raspberry, supported by Lambert to schedule a Public Hearing in the Romulus City Hall Council Chambers, 11111 Wayne Road, Romulus, Michigan 48174 on Monday, July 23, 1990 at 6:45 p.m. for the purpose of discussing the proposed demolition of structures at the following locations:

11350 Grover 36790 Northline
27442 Newcastle 6260 Washington

DP# 97-1-12 (Outbuilding behind 13510 Inkster)

Roll Call Vote Showing: Ayes - Bergeron, Block, Gear, Lambert, Pennington, Raspberry. Naves - None.

Motion Carried Unanimously.

90-310

6A4. Motion by Pennington, supported by Lambert to adopt a resolution that the City of Romulus agrees to grant with the Wayne County the authority to impose and collect Annual Surveillance Fees and surcharges directly from Industrial users in the City of Romulus. A complete resolution in its entirety is on file in the City Clerk's office.

Roll Call Vote Showing: Ayes - Bergeron, Block, Gear, Lambert, Pennington, Raspberry. Naves - None.

Motion Carried Unanimously.

90-311

6B. Motion by Bergeron, supported by Block to receive and file the Treasurer's Monthly Cash Balance Report for May, 1990.

Roll Call Vote Showing: Ayes - Bergeron, Block, Gear, Lambert, Pennington, Raspberry. Naves - None.

Motion Carried Unanimously.

90-312

8A. Motion by Bergeron, supported by Pennington to adopt the 1990 City Operating Millage Rates as follows:

Operations 9.1436
Sanitation 1.7000

Reaction mixed to teachers' salary hikes across the state

By BARBARA GOFFMAN
ANP Special Writer

Wayne County school teachers will receive a salary increase of 6.59 percent, on the average, in the 1990-91 school year, said Jim Spalding, a labor relations consultant for the Michigan Association of School Boards.

Teachers' salaries throughout the state will increase by an average of 5.8 percent, Spalding said.

"Pay-raise averages vary from district to district, but generally you find patterns within a county. For example, the salary increases of Wayne and Oakland County teachers tend to run higher than the rest of the state," he said. "Pay-increase averages across the state have remained stable over the past five years, according to MASB Labor Relations Director Bruce Bigham.

"In general, the rate of growth in salaries has exceeded the rate of growth in revenues for Michigan schools," he said. "That continues to put financial strain on many districts."

Michigan schools are divided by a system making them either in-formula or out-of-formula. In-formula districts receive state aid based on student population and district millage rates. Out-of-formula schools do not receive state aid; they are able to fi-

"In general, the rate of growth in salaries has exceeded the rate of growth in revenues for Michigan schools. That continues to put financial strain on many districts."

— Bruce Bigham
Labor relations director

nance themselves solely through local property taxes.

Most out-of-formula districts pay better wages, invest more in programs, have smaller class sizes and levy less taxes.

Senior citizens at the Senior Friendship Center in Westland were concerned about the pay-increase average in Wayne County.

"Teachers are overpaid, period," said senior Adeline Gerber. "I realize that teaching is an important job, and without a decent salary you won't get quality teachers, but each school district should go according to the needs of the pupils. Did the number of pupils go up or down, giving teachers more or less work?"

"I don't believe each district should just give a flat increase every year just to keep up with other districts. The school districts have to consider the economics of the people in the

school system. Are they senior citizens or are they younger parents?" she added. Another senior, who asked that her name be withheld, said, "I don't think teachers should get any salary increase. I've seen a lot of waste in the schools. I worked for 26 years in the Wayne/Westland cafeterias, and there's a lot of waste in that school system." Other local residents disagree.

"Teachers don't get paid enough, especially in Wayne/Westland," said college student Shally Prasad, a Westland resident.

Wayne/Westland teacher Steve Beecher said "everybody deserves a raise. But I'd be amazed if there were any type of pay raises in Wayne/Westland next year. We are facing a \$7 million deficit."

"The overall 6.59 percent figure doesn't really reflect the average raise increase in the county because districts like

Wayne/Westland, with no raise, bring down the overall figures, which must be higher," he said.

Beecher called for a new way of financing education. He hopes that the lawsuit in-formula schools are waging against the state, for allegedly not offering Michigan students equal opportunity to education due to the formula financing system, will bring favorable results for students and teachers.

Local family searches for 13-year-old boy

By PATRICIA BROWN
ANP Staff Writer

Family members of 13-year-old Cliff Chard of Westland are hoping that someone will be able to provide some information concerning the whereabouts of the boy.

Chard has not been seen since last Thursday when he was playing at the Lincoln Elementary School playground with his father and brothers. The disappearance happened suddenly, according to Chard's family.

On Monday, Chard's mother Diane Gazley was told by other children in the Norwayne neighborhood where the family lives, that the boy was seen walking through the neighborhood this week. Nobody has been able to verify whether or not this is true.

The ninth-grade Adams student is described as having red

hair, blue eyes and freckles. He is 5-foot, 5-inches tall and 120 pounds.

He was last seen wearing a red baseball hat, black Harley Davidson shirt, multi-colored shorts and white tennis shoes.

Close friends of Chard's have said they haven't seen him, and that he didn't mention anything about running away.

Anyone with information about Chard should contact the Westland Police Detectives Bureau at 721-6311.

BUSINESS NEWS
DIGEST

New shoe shop
opens in Canton

Red Wing Shoe Stores announces the opening of Red Wing Shoe & Repair on North Sheldon in Canton Township. Formerly Plymouth Bootery, the new store will offer a complete line of Red Wing shoe styles for men and women.

The store was opened for business June 1, but an official grand opening is slated for September.

Store manager is Frank Szalma.

Officer tapped
for hospital

Officials with the Southeast Michigan Hospital Council of the Michigan Hospital Association have appointed Fred E. Blair, president and chief executive officer of United Care Inc. of Wayne, as a council representative.

SEMHC is a nonprofit association of 74 hospitals and related entities in Livingston, Macomb, Monroe, Oakland, St. Clair, Washtenaw and Wayne counties, with members representing a diverse range of health-care providers.

Meijer added
to lottery

Area players buying tickets and collecting prizes in the Michigan Lottery new Lotto 47, Keno, Zinger and daily games can no enjoy service at a new retailer location.

The new Meijer store, on Warren and Newburgh roads in Westland, has just opened a new sales terminal for the lottery games. Store personnel have been trained in use of the machine.

New programs
are offered

The Catherine McAuley Health Center Chemical Dependency Program will offer two new inpatient treatment programs. The programs, one for adults and one for adolescents will be provided on the Ann Arbor campus of the health-care provider.

The first addition is an inpatient evaluation and referral unit for youth ages 12 to 17. The goal is to provide and intensive period of evaluation. After the study, the adolescent is referred to the appropriate long-term program.

The second addition is a relapse program for those 18 and older.

For more information, phone 572-4300.

Employees mark
10th year

Two employees of the Taco Bell restaurant on Wayne Road and Hunter are celebrating 10-year anniversaries at the business.

Honored by their manager were Diane Prouty and Bernice Slanaker.

Dryers could
be hazardous
to consumers

By PATRICIA BROWN
ANP Staff Writer

Although many people probably have never thought about it, clothes dryers can be a serious fire hazard.

Joe Gagnon, "the appliance doctor," and owner of Carmack Appliance in Garden City has brought to the surface the issue of unsafe dryer vents and hoses that collect lint and can catch on fire.

Four years ago, Gagon consulted Underwriters Laboratories, to learn if they had received many reports of fires caused by lint collecting in the back of clothes dryers.

Researchers at UL began their own study and a year later they confirmed Gagnon's belief about the hazards associated with plastic vent lines and fires stating in clothes dryers.

"The majority of those fires begin from lint buildup within the dryer," Gagnon said.

What happens, according to Gagnon, is lint collects in the ribbing inside the plastic vent line going from the dryer to the outside of the house. When the lint becomes heavier than the air, it falls back inside the dryer, where it can't be seen by the owner without removing the back panel, in most cases.

"The older the vent line, the more pockets you will have for lint to collect," Gagnon said.

"The average person never cleans the vent line," he said.

Gagnon keeps track of people who have fires caused by lint build-up in their dryers. He has become one of the leading authorities on this subject. Earlier this month, CNN did a story on Gagnon and the subject he has popularized.

Every week on his talk shows which air on WXYT, WCAR, WAAM and WEXL he talks to consumers about how to avoid this type of house fire.

Recently, producers from 60 Minutes contacted Gagnon ab-

out the issue.

In 1987, UL condemned the use of plastic vent lines and so did many dryer manufacturers. Gagnon wants to know then why the product continues to be sold.

Last year in this country there were 480 house fires caused by lint build-up in dryers. Two years ago Westland had 11; Livonia -17; Wayne - nine; Inkster - seven; Garden City - 12. This year Garden City has already had five, according to Gagnon.

In Canada, the sale of plastic vent line hose has been banned, Gagnon said.

"We all throw things in the dryer and then go out of the house," Gagnon said.

Consumers should remove the plastic vent line and replace it with a solid aluminum vent line, Gagnon said.

Every two years he recommends removing the back panel and cleaning out the excess lint that may have collected.

"This is something that every consumer can do. It's very easy," he said.

An aluminum vent line can also save the consumer money, Gagnon said. It takes 15 minutes less to dry the average load of clothes, which amounts to 5 or 6 cents per load.

Ninety percent of consumers in this country have a flexible plastic vent line, Gagnon said.

Gagnon also warns against using heat vent recyclers which allow the consumer to recycle the heat back into the home.

When recycling air from the dryer back into the house, byproducts from the wash, soaps, bleaches, fabric softener and cotton, which is a carcinogenic substance, are being breathed.

For his efforts, Gagnon recently received the Garden City Awareness Award from Wayne County Commissioner Kay Beard.

Top mall

Westland Center has been named most improved shopping center for 1989 by its parent company, General Growth/Center Companies, Inc. of Minnesota. The Center was judged most improved in areas including marketing, management, collections and leasing. The new Center management team of manager, Gene Groves; operations manager Marilyn Zeigler, and marketing director Debbie Millhouse accepted the award.

Television viewing boosted by
improved video technology

By RANDY FRANK
ANP Special Writer

With television technology of today, you can see and hear your television shows with clarity that could not have been imagined 30 years ago.

Stereo, "picture-in-a-picture," and high-resolution televisions are currently available at most major appliance stores.

Stereo televisions range in price from \$398 to \$1,000, according to Charles Harvey, sales manager for Highland Superstores Inc., Westland outlet.

Many electronic appliance manufacturers such as RCA, Mitsubishi, JVC and Phillips offer stereo TV products.

"Most shows are broadcast in stereo, even some of the cartoons," Harvey said.

To receive the best sound quality, a stereo set is the wise choice, he added.

"Picture-in-a-picture" television sets allow the viewer to watch two programs at once on a split screen. The viewer controls the size of the split screen

which can occupy a small corner or half the screen, Harvey said.

Some of the "picture-in-a-picture" sets require a television and VCR tuners, but Sony offers a \$1,400 set which requires only a television tuner, he said.

Highland sells 27-inch "picture-in-a-picture" sets, Harvey said. The largest television screen available at Highland is 70 inches, but he said some of the picture quality is lost with the large screens.

Television viewers, who want the best quality picture available, should purchase the high-resolution or high-definition television sets, according to Walter's Home Appliance sales manager Bill Bes of the Canton Township store.

"We sell high-resolution sets which offer the viewer a good clean picture," Bes said.

Currently, high resolution sets produce approximately 320 lines creating good visibility, but according to Bes, these sets are unable to reach their full potential.

The problem is the local television stations are not broadcasting a signal which the high-resolution sets can utilize to their full capacity, he said.

"In Europe, television stations are broadcasting a signal which translates into a picture made of over 500 lines," Bes said.

As for stereo television sets, Walter's Home Appliance has sold them for five years. "There are no major sound differences in the major brands we carry," said Bes, "they all produce excellent sound quality."

However, he has a different opinion of the "picture-in-a-picture" product.

To Bes, the set is a novelty item which "sales people like to talk about." He said sales for the "picture-in-a-picture" have been erratic.

The viewer doesn't need to be an engineer to operate television sets which use the latest technology, according to Bes.

The televisions made today are user-friendly, but if you have problems, read the owner's manual first.

School funding plan 'gives to the poor'

By TOM MOORADIAN
ANP Staff Writer

What the state of Michigan gives, the state apparently can take away.

Specifically, lawmakers in Lansing voted to eliminate funds for "categoricals" to the richer school districts and award them to the poorer schools.

The action is an attempt to close the widening gap between what the richer and the poorer school districts spend per pupil, local lawmakers said.

In some districts, more than \$7,500 is available, while in the poorest districts less than \$2,500 is being spent per student.

The shift in funding is reflected in the recently approved \$7.6 billion state budget for the 1990-91 fiscal year. The lawmakers' action may make more than \$50 million available to the depressed school districts at the expense of the richer districts.

However, a court challenge is expected by lawyers representing such out-of-formula school districts as Bloomfield Hills, Birmingham and Southfield, that can lose millions if the state budget is implemented as is.

Earlier this year, state representative William Keith (D-Garden City) said that "it didn't make sense for the state to fund categoricals for the richer school districts, which have the money, while the poorer school districts continue to suffer."

Categoricals include school busing, programs for the gifted and special education.

An out-of-formula school district is one whose property taxes generates sufficient

funds to operate; in-formula school districts need state aid for survival.

Romulus, which this year will join the ranks of the out-of-formula school districts—there are approximately 160 in the state—may suffer from the action by legislators.

"It doesn't surprise me a bit," said Dr. William Bedell, superintendent of Romulus schools. "The governor and legislators are taking the money from the school children to abate factories and pay for developers' infrastructures and do billions of dollars of non-school projects by forcing local taxpayers to replace the missing funds with increased millage."

Bedell said the state is in the process of stealing money from the school districts that are adequately funded to give it to districts that are poor to begin with because the state stole their money.

The state contribution to K-12 education has dropped from 50 percent to less than 20 percent, Bedell added.

According to figures supplied by the Wayne County Intermediate School District, the state budget devoted to school aid has decreased from 31.9 percent to 17.2 percent during the past 20 years.

Local property taxes account for \$4.7 billion of Michigan school funds.

However, that too may change in the near future. There are six petitions presently being circulated with the goal of reforming the way schools are financed in Michigan.

Among the leading proposals are the Citizen's Tax Limitation Amendment, better known as the Patterson-Anderson

Proposal. The proposal, if approved by the voters, would reduce and then limit school-operating property tax millage to 30 mills effective December 31, 1990.

Also, a proposal known as the Olmstead/Kearney proposal is on the drawing boards. It has four major points: require minimum state funding for local schools; constitutionally lock in a formula for state aid to schools based on guaranteeing a minimum level of state equalized valuation per pupil; freeze state spending to out-of-formula districts at current levels, and eliminate the Headlee "override" for out-of-formula districts on school operating taxes.

Volunteers needed at Ford estate

A four-session training course will begin Saturday for individuals willing to serve as volunteers at the Henry Ford Estate - Fair Lane, the only national historic landmark home open to the public in Michigan.

Volunteers are needed to conduct tours, do gardening chores, work in the gift shop and do demonstrations.

Training is offered free. The course is scheduled for 8:30 a.m. to 2 p.m. July 14, 21, 28 and August 4.

For more information, phone 593-5590.

Authority studies recycling market

The Detroit/Wayne County Port Authority has initiated a \$294,000 market and research development project to evaluate the markets for recycled material. The Michigan Department of Natural Resources is providing a \$249,000 grant for the project under the Quality of Life Bond Program.

The study will also include the handling and shipping of recycled materials throughout the world.

Consultants for the nine-month project include Black and Veatch, Coopers and Lybrand, Economic Development Service, Inc. and Temple, Barker and Sloane.

"It is hoped that this research will provide an opportunity for the port to become involved in the transport of recycled material to all parts of the world," said Arthur Blackwell II, chairman of the Port Authority. "The recycled material could ultimately provide a bottom cargo for regularly scheduled service for the Port of Detroit."

Software added to bus service

The Suburban Mobility Authority for Regional Transportation is in the final stages of installing improved software in its scheduling system, saving the authority \$65,000 annually, according to transit officials.

Compared to the previous centralized computer system, the new scheduling software will allow for better control of changing conditions and routes.

Jail medical director named

Dr. Silas Norman Jr. has been named medical director of the Wayne County jail by Executive Edward McNamara.

Norman served as medical director for Jackson State Prison.

Businessman is elected

Robert M. Thompson, president of Thompson-McCully, in Belleville has been elected second vice chairman of the National Asphalt Pavement Association.

The National Asphalt Pavement Association represents more than 750 firms across the country. NAPA also maintains an active research program to improve the quality of hot mix asphalt and paving techniques.

Parents' rights bill lacks vigor

It's more than possible that wishful thinking will be the only uplifting factor elicited from the current Restore Parents' Rights Bill in obtaining long-sought-after parental rights. The paradoxical judicial bypass being offered youth who choose not to seek parents' consent, opens the door to circumvention of parental authority.

Should this bill become a state law, it will be mandated that sixth-graders (10 and 11 years old) through 12th-graders will

receive abortion procurement information through Michigan schools. This is not allowed for any Michigan schools at present, not even high schools.

Surely no one is naive enough to believe this legislation will restore parents' rights unless they haven't read the bill on the back of the petition itself. The bill is sponsored by RIGHT TO LIFE OF MICHIGAN.

Sonda Stepchuk
Romulus

Senator made right choice

Two weeks ago the Michigan Senate held an important vote

on S.B. 375, a bill that would force polluters to pay for cleanup of contaminated sites. There were votes on two versions of the bill. One was a strong bill, backed by the environmental community, that would make polluters pay their fair share for toxic waste cleanup and would have resulted in faster cleanups. The other had been so severely weakened that it was worse than no bill at all. Both were defeated. The Senate will have a chance to consider these and similar bills again.

On behalf of our members and his other constituents, we would like to thank Senator William

Faust for showing his true commitment to the environment. Senator Faust voted for the strong bill and against the weakened version.

Keep up the good work!

David Stead
Executive Director, Michigan Environmental Council and Andy Buschbaum, Program Director, PIRGIM in Michigan

Opinion

So much gained for so little

A little bit of money can do so much. This is the phrase often used by worldwide organizations soliciting funds to end hunger and disease in third-world countries.

It also applies, however, to Wayne County and the 1-mill tax renewal issue which will appear on the August 7 ballot.

That one mill supports so many programs which have become so critical to the residents of the city of Detroit, as well as the suburbs in which we live.

Support of the renewal will mean continuation of park maintenance, 4-H programs an county cooperative extension, health care for the indigent, dental care for the indigent, the Women and Infant Care program, mental health programs, senior citizens programs, and much more.

Never again will your contribution do so much to help so many.

We urge support of the renewal August 7.

Some may think that most of the money for these programs goes to support the people of Detroit, rather than the poor and low-income families living in the suburbs. With outreach centers in many of the communities, these services are available to all eligible residents of Wayne County.

One project that will have a profound effect on the needs of surrounding communities will be the Family Center being developed on the former Eloise property in Westland. Failure of the millage renewal will mean many of the nutrition and health services that were to be provided at the center would not be possible. The center would be in jeopardy.

It should be noted with emphasis that this is a renewal, not new taxes for county residents.

For an individual owning a house valued at \$37,500, they contribute \$37.50 annually to this fund. This will not change with a "yes" vote from county residents.

It's amazing how far your money can go when it is spent on things that really matter.

Sad situation handled well

Wayne safety officials and officers of the Michigan State Police are to be commended for the fine manner in which they handled the hostage situation Tuesday in Wayne.

When Larry Hill barricaded himself inside a Columbus Street house with his two children and estranged wife, the entire community watched the drama unfold.

Police followed the rulebook. They tried to negotiate. They never forced the issue creating risk for the innocent hostages. They waited, and were ready to launch an offensive if the children and women were placed in immediate danger.

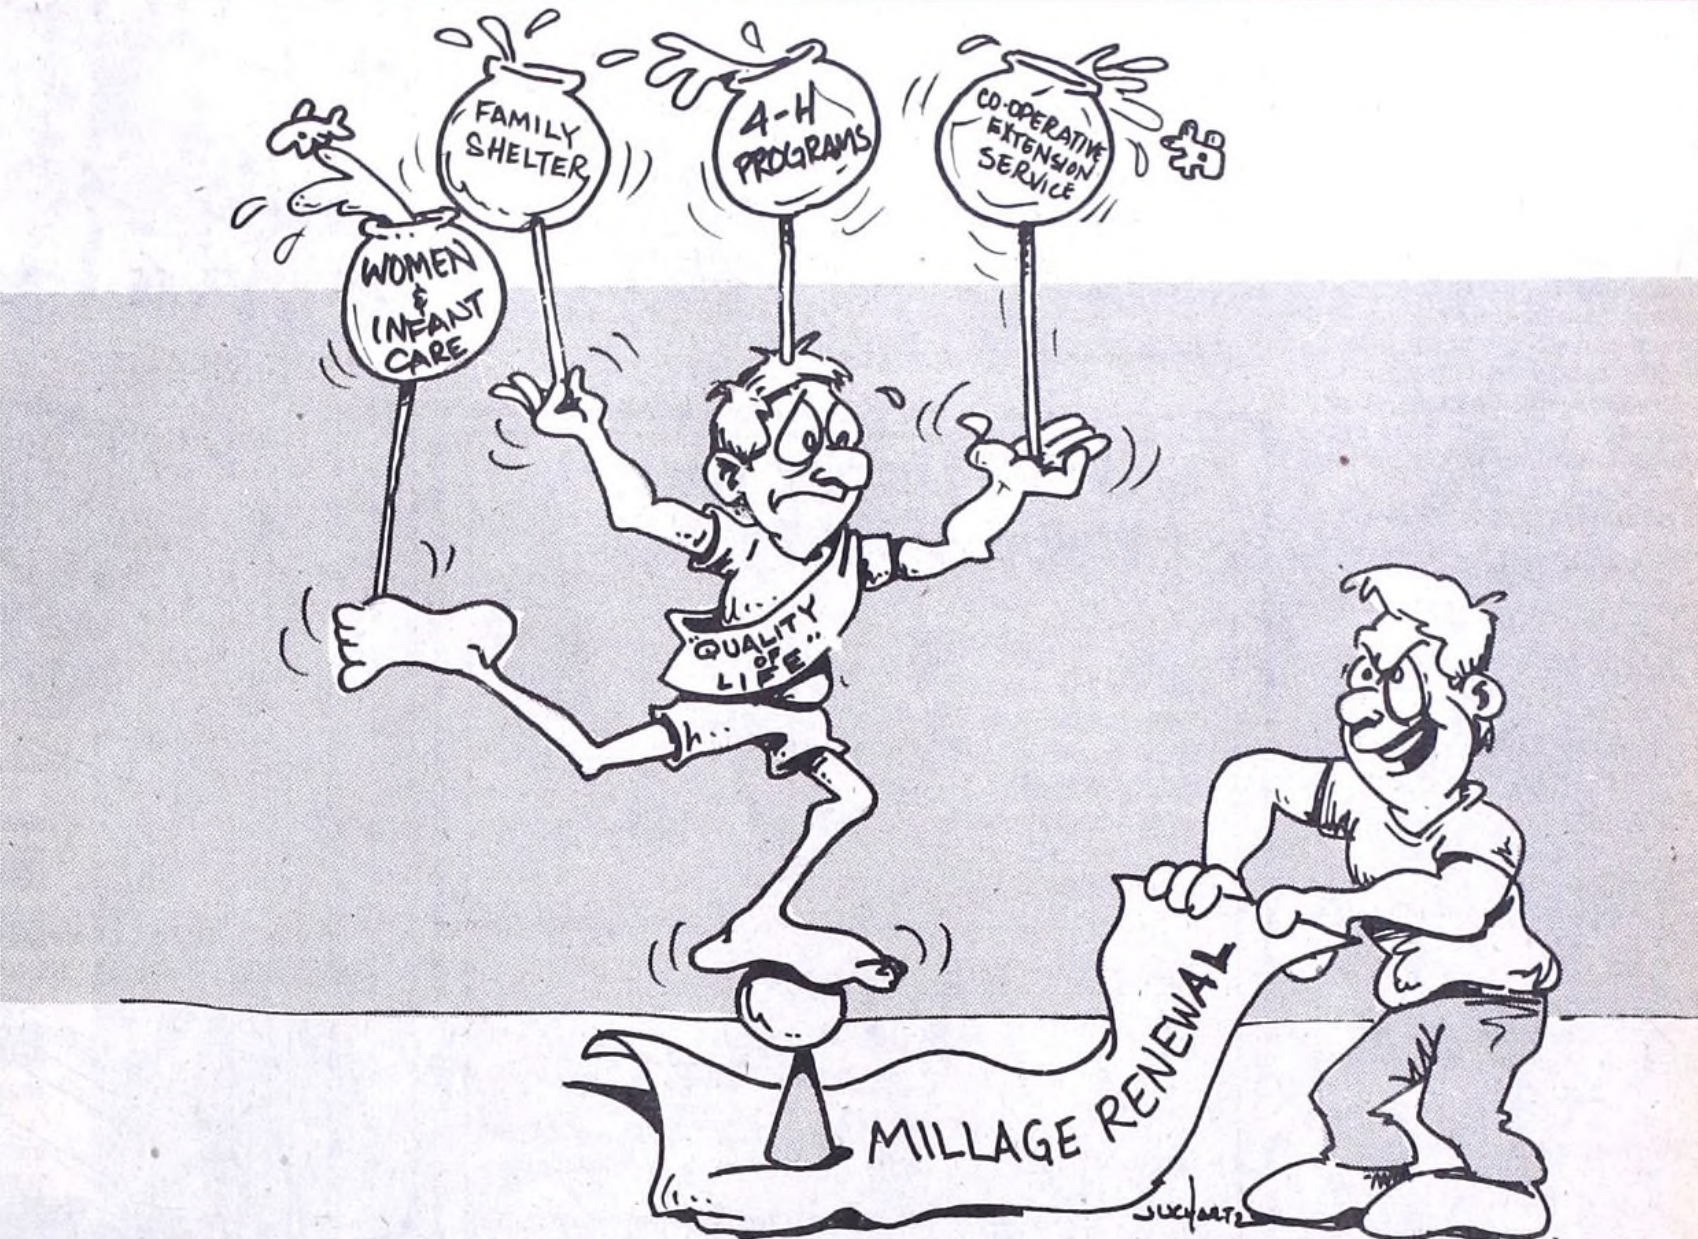

As members of the media, we congratulate those officers who were responsible for passing along information. They did so in a timely and complete nature, allowing us also to do our job.

The situation itself is a tragic one. It cannot be easily erased from our minds.

The pictures of the children as they left the house where they had been held prisoner for so many hours. The dazed look of a woman who had once been married to the man who held her at gunpoint. The officers prepared to enter the house forcefully if necessary, and yet hoping that the situation didn't come to that.

In the end, the children are safe as is their mother. And the police didn't have to charge the home in a blaze of gunfire.

The sadness is still felt by many this week, but also noted is the fine performance of those individuals from whom we all seek protection.

Firearms debate

Many of our legislators seem to believe that the only reason for owning a firearm is for sporting purposes. Owning many firearms which can be used for both self-defense and sporting purposes, I can't see the reason for any criteria for owning firearms.

To stop a felon I use a handgun, which is used would drive the ribs through the lungs and not go through the felon and hit someone else in the next room. A self-defense weapon is not a deer rifle, but will do the job if necessary.

S.K. Pullen
Belleville

Good news only

So many stores are closing -- or already closed -- and along I come with a great, really great, super-great idea!!! -- after living here 25 years.

Now, I know you are afraid of offending your friends on city council, and your advertisers, but something has to be done to make Wayne alive again. Maybe you will be allowed to print this and even not edit it to change the meaning. The Wayne Eagle should be called the "Wayne Good News" since that's usually the only kind that you usually like to print -- or gossip like which city councilman's wife has the best hair-do!!!

Who cares about such things? What about the crime and drug

LETTERS

problem? How much is city council really doing to bring business to Wayne?

My idea: You take advantage of tourist tax and business money. City council could get in on the act...I can see it now -- a huge ad in the Wayne Eagle, Toledo Blade, Detroit News, Washington Post and others... "Visit Wayne, Michigan...Michigan's newest and largest Ghost Town"!!!!

Tim Black
Wayne

Memorial is fitting tribute

The World War II and Korean War memorial plaque hangs proudly again in the library thanks to Stan White. The effort and initiative he put into its restoration and the rededication ceremony was very much appreciated by my family, the family of Roy B. Fluhart.

It is good that our community took the time to honor these fallen soldiers and to remember. Thank you, Stan White.

Karen Fluhart-Drews
Wayne

They don't speak for everyone

I resent the statements in the Wayne Eagle stating that a group called the Wayne Charter

Committee is a group of local business people.

The whole group, I believe, are not business people. Not everyone in this group own their own business here in Wayne. I feel the readers should know not all business owners are supporting this group; and I would appreciate it if your paper would be sure not to include all business owners in the category with this group.

Georgina Friend
Wayne

Proud of a candidate

Just a note to tell my wife, Linda Pratt, how incredibly proud I am of her remarkable showing in the school board election held on June 11. She took on the powerful political machinery of the school board and the administration and came within 507 votes of beating them. She challenged the very influential citizens group which opposed the millage and came within 443 votes of defeating them.

With a skeleton crew of dedicated workers and an absolutely minimal budget, she relied on her reputatuion and made the incumbent work like hell to retain his seat. Even the complicated intestinal disorder which confined her to bed for most of the last ten days of the campaign apparently had little impact on her vote-getting ability.

Linda's 2,696 votes, coupled with the negative bote, should put the present school board on notice that the voting public is

ready for an end to the gamesmanship which seems to pervade the top echelons of the Wayne-Westland School District.

Jim Pratt

Rebuilding the fences

The hurrahs have settled down. The time has come to mend fences, to build again and make more firm the fences that bind us together into the realities.

Being the person he is, superintendent Jim Richendollar will strive for this. Jim, we the people will follow this code. More importantly, Jim, we the people know that you expect us to hold you accountable for the immeasurable tasks that lie ahead for you. But, we know that you will honor all those responsibilities as you lead our school system back to full focus of the realities we all must face. Thank you for being within our community midst.

Program creates new business 'environment'

By FLORENCE MEEKS
ANP Staff Writer

Timed with the Earth Day movement, a new government program will allow business people to landscape with wildlife in mind.

The program is sponsored by the Wayne County Soil and Water Conservation District and the United States Department of Agriculture Soil Conservation Service.

The Corporate Lands Wildlife Habitat Program was designed for a county dominated by industrial and retail sites.

"We're trying to give wildlife a chance in Wayne County where there's such a demand for development," explained SCS Conservationist Gary Rinkenberger. "We're trying to encourage corporations to set aside a little land they do not use that could be utilized by animals."

When the conservation district was formed in 1969, it was established to cope with the problems of rapid urbanization — land erosion, effects of pesticides, diminished wildlife.

Since that time, technical agency SCS has provided free advice and planning for landowners who want to draw birds and animals to their property.

Through the new program, these services will be expanded to serve businesses.

The first business to participate is Total Distribution Services, a subsidiary of CSX Transportation.

TDS owns 360 acres in Huron Township, Rinkenberger said.

"We've developed with them a plan. They will enhance an area for bluebirds, ducks and squirrels."

Rinkenberger said the plan also includes food plots for pheasants.

Technical advice from the SCS is free, but TDS officials did agree to spend \$1,000 on shrubs and trees needed to attract the birds and animals.

Plans are in the works to enlist volunteer efforts from local students and scout troops to plant the greenery.

"It's good publicity for them (TDS), and the community gets involved, and wildlife reaps the benefits," Rinkenberger said.

We're trying to give wildlife a chance in Wayne County where there's such a demand for development.

— Gary Rinkenberger
Conservationist

Another part of the program involves the placement of bluebird and wood duck boxes in the conservation area. Bill

Thomas, an outdoor education teacher at Romulus Junior High School, has volunteered to help in this area by building and installing these substitute nesting sites.

Rinkenberger pointed out businesses are given final say about the type of wildlife they wish to attract.

"We encourage animals that would not pose problems."

In an area near the airport, for instance, large flocks of geese could create safety problems. And because of heavy traffic near TDS, deer are undesirable.

Dr. Schumaker is a member of the Medical Staff at Oakwood Hospital, Dearborn, specializing in Radiology.

MRI — A SAFE, PAINLESS WAY TO BE EXAMINED

By Daniel B. Schumaker, M.D.

Modern technology has paved the way for physicians to examine patients without the potentially harmful effects of X-Rays and without having to perform surgery.

This new technology, called Magnetic Resonance Imaging (MRI), offers a safe, painless, and effective way to evaluate most structures of the human body.

In simplest terms, the MRI instrument acts as two common objects we use every day: a magnet and a radio.

HOW IT WORKS

The MRI, in part, is a giant magnet, weighing nearly 11 tons. The patient rests in the MRI's narrow, hollow cylinder where images of the human body are created.

MRI is based on the concept that within us, some atoms behave like tiny magnets similar to those in a compass. Under normal circumstances, these tiny magnets point in all directions, with no particular order. However, when a person is placed within the giant magnet of the MRI, these tiny "atom-magnets" line up with the MRI's magnetic field.

Once the atoms are aligned, the MRI transmits radio frequency waves to the patient, temporarily disturbing the new order of the atoms. When the transmitter is turned off, the atoms line up again — this time sending off radio signals of their own. This is when the MRI acts as a radio. It picks up these signals with its powerful antenna, transforms them into a black-and-white image, and sends the image to a computer where physicians evaluate the information.

WHAT IT DETECTS

MRI is used to detect and evaluate tumors, multiple sclerosis, infections, structural disorders, and injuries such as tears or breaks in ligaments, cartilage, and tendons.

A typical MRI scan lasts approximately 30-45 minutes. It poses no risk to the average patient, although individuals with pacemakers, metallic implants, or any type of metal fragment in their bodies may not be examined with MRI.

Since the MRI exam is not known to cause any biological risk, it may be considered safe during pregnancy — but be sure to consult your physician first.

Deadline set Time to sign up for city golf championships

By TOM MOORADIAN
ANP Staff Writer

Don't wait until the final day to sign up for the 31st annual City Championship Golf Tournament - you may be shut out. Bill Hawley, tournament manager, this week announced a 5 p.m. Friday, August 3 deadline for the city championships. The championships will be staged Saturday and Sunday, August 11-12 at the Fellows Creek Golf Course in Canton Township. "We will need time to set up tee off times and put together foursomes," Hawley said, "and when you have between 80 to 100 golfers to satisfy, it isn't always easy. Therefore, we are urging everyone who plans to play in this tournament to sign the entry form and get their checks in the mail as soon as possible."

The tournament, co-sponsored by the parks and recreation departments of Romulus, Inkster, Westland, Wayne and Canton Township and The Associated Newspapers, decides the city and township championships of the participating communities. "This summer classic has become a tradition in the local areas, and is one of the longest surviving men's amateur golf tournaments around," Hawley noted. "In the past we have had as many as 120 golfers competing in it."

"However, because of the time restraints we are going to have to limit the competition to the first 100 golfers."

Golfers will play a qualifying round of 18 holes on Saturday, then return to compete for the championships the following day. The separate city championships will be conducted simultaneously, and additional flights will be staged for each city only if the total entry from the city warrants it.

Golfers will be competing for trophies which will be awarded to the first-, second- third-place finishers in each flight. A championship trophy will be presented to the individual medalist for the entire field.

In case of a tie for one of the trophies, a sudden death playoff will be conducted to determine the winner.

Wayne golfers will also be competing for the Leonard J. Anderson Traveling Trophy. The trophy is presented in memory of Patrolman Anderson, the first Wayne officer to be killed in action. Anderson was slain in 1974 responding to a family dispute.

The low five scorers from each of the participating cities will also be eligible to play on their city team in the state parks and recreation tournament. All other golfers will become alternates in order of their finish.

Any golfer who lives or works for a tax-paying or tax-supporting institution in any of the participating cities is eligible to compete for the city championship of that city. However, only bona fide residents may represent a city on the team in the state tournament.

Registration fee is \$40, which pays for the 36-hole tournament and costs of trophies. Please make checks payable to Bill Hawley, tournament manager.

Golfers are asked to fill out the entry blank accompanying this story and, with the entry fee, mail or drop off the forms at the Associated Newspapers offices, Golf Tournament, 35540 Michigan Avenue, Wayne, MI.

For further information, contact Staff Writer Tom Mooradian at 729-4000.

THE 31st CITY GOLF TOURNAMENT WILL BE STAGED AT FELLOWS CREEK GOLF COURSE ON AUGUST 11 AND 12.

The Tournament is the qualifier for the Michigan Parks and Recreation State Tournament September 24th.

Everyone will be placed into flights according to ability.

The Entry Fee is \$40.00 which includes 2- 18 hole rounds of golf on the weekend, and trophies and prizes.

Please enter me into the 1990 City Championships for the city of:
Wayne _____ Romulus _____
Westland _____ Canton _____
Inkster _____ Independent _____

Name _____
Address _____ Telephone _____
City _____ Zip _____

Make checks out to Bill Hawley, Tournament Manager. Mail or drop off entry blank: Associated Newspapers, Sports Department, 35540 Michigan Ave., Wayne, 48184.

County revises dream of Inkster golf course

By TOM MOORADIAN
ANP Staff Writer

If the city of Inkster and Wayne County can overcome an obstacle in the form of wetlands, the city may still get its long-awaited municipal golf course.

Meeting with the press last week, Edward McNamara, Wayne County executive, said that the county continues to place Inkster at the top of its choice to construct a golf course.

"We have land between Inkster (Road) and Middlebelt," said McNamara, "and it is ideal for building a golf course. There is an obstacle, however, in that 50 percent of the land is in wetlands, therefore, the DNR won't let us build until we resolve that problem."

McNamara, an avid golfer, stressed that a golf course is financially feasible and worthwhile.

"It adds to the quality of life for the residents, and I believe it will be a profitable venture," the county executive added.

In October of 1988, county officials presented a plan to the city of Inkster to construct an 18-hole Inkster Valley Golf Course on land to be located on the 150-acre site adjacent to the Inkster Recreation Complex, on Middlebelt.

The \$2.7 million development would have included a clubhouse and maintenance building.

The county planned to finance the construction from program revenues generated by other

A golf course adds to the quality of life to the citizens of the community. The wetland issue is the only unresolved issue we face.

— Ed McNamara
County executive

county enterprises such as the Warren Valley Golf Course, located in Dearborn Heights, and short term obligations, according to Lillian E. Randolph, former Community Development director who since has left the post.

The anticipated revenues for the proposed Inkster Valley Golf Course consisted of green fees, golf cart leasing, concession pro-shop revenues, as well as fees derived from the driving range, nine-hole and three-hole courses.

Randolph told city officials at the time that the city and the county would be eligible for state grants. Both the city and the county would be eligible for funding from the Michigan Natural Resources and Land and Water Conservation Funds provided a local match is obtained.

And the county, as the owner/operator, for the course, can apply for a maximum of \$350,000 per grant for the Michigan Natural Resource Trust

See GOLF, page B-2

Academically all-state

The Michigan High School Athletic Association recently announced its girls' academic all-state teams. And the girls' basketball team from Inkster High (above) was among those honored. The team, coached by Dwight Hotchkiss, was among the top 10 Class B teams in Michigan. The Vikings had a 3.16 grade point average. Team members include: Tawana Green (seated, from left), Laquita Epps, Shonette Lamar, and Jean Braswell; second row are Camilayah Johnson, Monique Roberts, Leatrice Scott, Latanya McMillian, Tequan Abney, and Alexis Watson. The top honors went to Grand Rapids Forest Hills Central with a team grade point average of 3.57. Coach Hotchkiss was also awarded a Coach of the Year honor for winning the Class B district title. Area athletes face junior Olympic trial

With their eyes upon the prestigious Hershey Track & Field championships to be staged in Pennsylvania later this summer, young boys and girls prepare for the grueling local and regional competitions.

Boys and girls, ages 9-14, will try out for the city track team in Inkster at 10 a.m. on July 10 at Westwood Park.

Those who qualify will advance to the regional Hershey Track & Field competitions. Those competitions will be hosted by the city of Howell on July 13.

The winners at Howell will help make up the Michigan contingent that will compete in the nationals at Hershey, Pennsylvania, home of the famous candy bar maker.

Softball champs seek 3 in a row

By TOM MOORADIAN
ANP Staff Writer

Dearborn Heights will try to make it three straight when the field for the 14th annual Leonard J. Anderson Memorial Softball Tournament gets underway in the city of Wayne.

The tournament will be staged three days, starting July 20 at Anderson Field, located behind the Wayne Community Center on Howe Road.

The defending champ, sponsored by Schaefer Office Products, won tournament titles in 1983, 1988 and 1989.

"You have to consider them the favorites," said Larry Quartuccio, tournament director.

The defending champs have to be considered the title favorite. They have won the past two titles. However, there are some excellent teams in this year's tournament, and any one of them can win it.

— Larry Quartuccio
Tourney manager

However, you can't count Michigan Sports out of the running. They are an excellent team."

The tournament, which has developed as one of the best of its kind, in memory of Patrolman Anderson, who was the

(Monroe), Michigan Sports (Sterling Heights); and Adray Sound (Dearborn).

Other teams competing are Tireman (Detroit), Law Auto (Redford), Blarney Bay (Westland), P. K. and J. Trucking, presently leading the Canton League; Center Super B. (Westland); Ann Arbor Merchants; United Airlines (Chicago); Critter Control (Canton); Frankies (Garden City).

There will also be a home run derby, scheduled for 4:30 p.m. on Saturday.

Programs are available on July 17 free of charge at the Wayne Community Center. They will include a complete schedule of events.

Belleville star shines on diamond

Keisha Wilson has picked up where she has left off on the high school softball diamond.

The Belleville High slugger is helping the Boone & Darr women's softball team out of Ann Arbor at the plate and in the field.

"She's an outstanding talent," said Coach Fred Coleman, whose club is undefeated in their first five starts in the league. "She's leading the team in RBIs."

Wilson, picked to the all Wolverine 'A' Conference and All-

Keisha Wilson

area teams last month, has drove in 15 runs for the league leaders. She also is batting a hefty .384 on the year.

Stage being set for net tourney

By TOM MOORADIAN
ANP Staff Writer

With the tennis courts sporting a \$19,000 facelift, and a Summer Festival crowd for a background, the stage is set for the 12th annual Open Tennis Tournament.

The tournament, sponsored by the Inkster Parks and Recreation Department, will be conducted August 17-18-19 on the newly asphalted tennis courts behind the Inkster Recreation Complex, 2025 Middlebelt Road, a quarter-mile north of Michigan Avenue.

The tournament is open to local as well as area competitors, who will be playing for titles in their age-groups. There will be competition in the 35 and over singles and doubles bracket; adult men's singles; adult women's singles; adult mixed singles and doubles; youth, 14 and under singles, youth 17 and under singles.

There is a small entry fee.

For further information, please contact the parks and recreation offices at 728-7530.

Softball teams needed for slow-pitch tournament

By TOM MOORADIAN
ANP Staff Writer

Calling all area softball team managers and coaches. The 1990 Johnnie A. Sims men's open slow-pitch softball invitational is seeking local and area teams.

Inkster recreation officials said last week that they are looking for 32 teams for the three-day tournament which will be staged on local diamonds beginning July 20 and culminate with the championship round on July 22.

The tournament honors the memory of Johnnie A. Sims, an outstanding Inkster athlete who starred in three sports at Inkster High before going on to play semi-pro baseball and la-

ter softball.

Sims' life came to an abrupt end when he was killed in a street brawl in Inkster.

The double-elimination tournament, sanctioned by the American Softball Association, has lured some of the finest adult softball talent in the state to Inkster.

"We have had some excellent teams play in this in the past," said Ruth E. Williams, tournament director, "and we believe that this year's field will also be exceptional."

There is a \$125-per-team registration fee that defrays the costs of the tournament.

Each team will be allowed to carry up to 18 players, and players must be 18 years or older. Trophies will be awarded to

the winning team.

For further information, please contact the Inkster Parks and Recreation Department at 728-7530.

Recreation officials also said that the city's instructional baseball league is seeking players in the 6-through-12 age group. The pee wee division, players 6-8, and the midget division, players 9-12, are practicing on diamonds at Westwood, Oakgrove, Kennedy and King parks.

The leagues stress the fundamentals and the basics of baseball and are instructed by former prep stars.

There is a \$6 registration fee, and prospective participants may register at the park nearest their home.

Name and fame

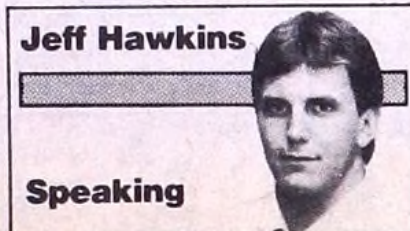

For more than a quarter of a century, Kam White (seated at right) coached track and handled the administrative duties of the athletic department. His successor, George Thompson Jr. (at left) pushed to get the stadium named for the outstanding coach and educator. The man of Khamalaw H. White now is inscribed on the press box in honor of the retired coach. ANP photo by Werner Slocum/staff photographer

Athletes play for fun

As an individual who breeds life from competition, never in my life did I feel more alive than I did watching the physically-challenged athletes compete against one another, in the Nestle "Win in the Crunch Challenge" track and field meet at John Glenn High School June 30.

There was something special about the event. The competitors didn't care if they won or lost, they just wanted to have fun. It is an old cliché, but they were playing for the fun of it.

And that is something new I had never experienced. I grew up a firm believer in playing to win. And letting nothing stand in my way. But the smiles on those athletes faces taught me something. The thrill of just

Speaking

having the chance to compete can, and should, overcome any great need to win.

In some cases, these individuals were doing things some never thought possible.

"You have to admire the kids for coming out and trying to accomplish something they have never tried before," United States Disabled Sports Team Chairman Duncan Wyeth said. "It is a different way of looking at life - seeing

what you can do and can not do."

Shouts of "I'm next. I'm next," could be heard echoing throughout the competition.

They couldn't wait to participate. The determination displayed was second to none. For the afternoon, their handicap meant nothing. They were here to try!

"This competition teaches the kids to overcome their handicap," Wyeth said. "It teaches them that their handicap doesn't have to limit them and that they can still go out and socialize and compete."

"I'm glad I came," said Paul D'Angelo, an athlete who completed the 20-meter dash in a sizzling 8.54 seconds.

Golf

Continued from page B-1

Fund and up to \$250,000 for the Land and Water Conservation Fund.

Other monies were available through the Michigan Small Cities Community Development Block Grants and Michigan Equity Fund.

However, the project was immediately shelved when the DNR said that the proposed area was filled with water and wildlife and was protected under the state wildlife preservation act.

Attention recreation directors

The Associated Newspapers' sports staff is seeking the assistance of local parks and recreation department officials.

The ANP is urging that softball score sheets and standings for the various men's and women's softball leagues be mailed or dropped off to the ANP offices on or before 5 p.m. on Fridays so that the staff can give local teams and players coverage.

The ANP offices are located at 35540 Michigan Avenue in Wayne. Belleville, Van Buren

and Sumpter recreation officials may also drop off the information at the ANP Belleville Enterprise Offices located at 116 Fourth Street.

Those needing further information should contact Tom Mooradian at 729-4000 during regular business hours, Monday through Friday.

HELLO!!!
It's me
again!!!!

Only 4 more
weeks to go!!

How have you all been? Remember those Miniature Dachshunds I was telling you about in March? Well, they have arrived! I have 4 of them! (Better than the last 8, huh?) 2 females & 2 males. They are all bred and cute as buttons. Bred with a long haired male. They were born June 20. The little darlings will be ready to go August 8. The little buggers will be \$125 each. Get your loving homes ready for one of these adorable dogs. Let you know more later. See ya soon!!

TWO DOBERMAN/German Shepherd, dogs, 14 months old, fair/ears clipped, good natured. Looking for a good home. Call 697-8076, Joyce.

YORKIE POO, female, 10 wks, \$125, male, 1 year old home, Romulus, after 5 pm, 729-1398.

CLIPPETY CLOPPETY SHOPPE has everything for horse & rider. New hours, new stock, (313) 439-8558, Milan.

Wheels

Anti-lock brakes costly, effective feature

By BARBARA GOFFMAN
ANP Special Writer

Many 1991 car models are boasting an advanced safety technology once limited to expensive luxury, sports and import cars: the anti-lock braking system.

ABS works to prevent wheels from locking up during braking. A full-function, four wheel ABS system:

- Constantly monitors the speed of each wheel by an electronic sensor when the car is in motion;

- The sensors are connected to an electronic control unit which, in emergency braking situations, will detect lock-up at any wheel and instantly apply brakes in a pulsating manner, up to 15 times a second;

- The process pumps the brakes, allowing the wheels to continue turning and the driver to bring the vehicle to a controlled and safe stop.

ABS is now a standard feature for the Chevrolet Caprice and Corvette and the Cadillac Allante and Brougham.

The 1991 Cadillac Seville and Eldorado, the Buick Riviera and Reatta, and the Oldsmobile Toronado and Trofeo will be equipped with ABS as well.

Chrysler will offer ABS on 75 percent of its 1991 cars and mini vans too.

ABS is a big selling point with customers, according to Andrew Price, the new car sales manager of Suburban Pontiac, Cadillac and Honda in Ypsilanti.

"It is popular in Michigan, especially, because drivers so often have to deal with snow and rain and wet roads," he said.

Jacqui Dedo, an ABS specialist at Bosch, a leading ABS

manufacturer, calls the system "a landmark advance in automotive safety."

"Like the seatbelt, it can save lives. But, unlike the seatbelt, air bags and other 'passive restraint' devices which were designed to minimize damage, the ABS lets the driver maintain control during emergency braking situations," she said.

1987 European research studies have affirmed the importance of ABS, according to Margret Nordquist, A Bosch coordinator.

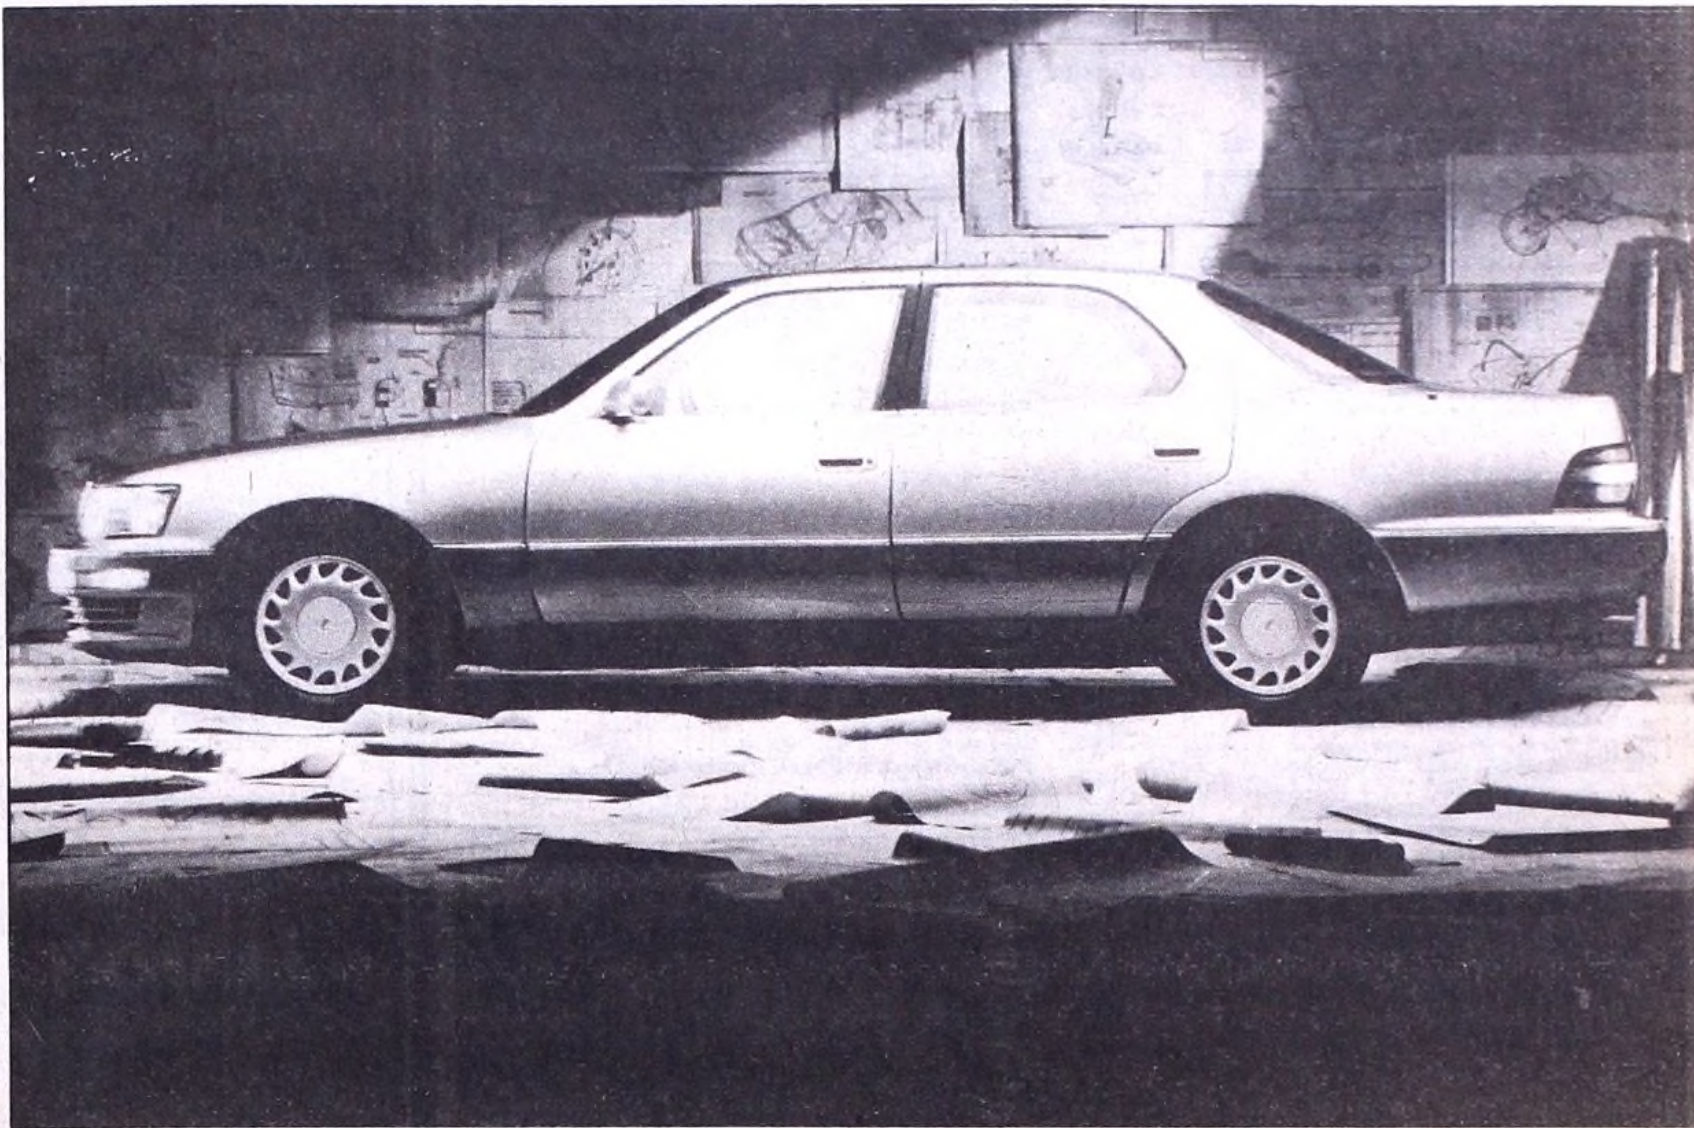

"Researchers estimated that 10 to 15 percent of serious accidents could be avoided if all cars were equipped with ABS. In the U.S., that translates to more than 2 million accidents a year, and countless injuries and deaths, which might be prevented," she said.

In addition to its importance to safety, ABS shortens the distance it takes to stop on most road surfaces, Nordquist said.

Because ABS is a feature, it does add to the cost of a vehicle, Price, of Suburban Pontiac, said. However, the amount of increase will vary from car to car and dealer to dealer, he said.

"If you just look at ABS from a monetary standpoint, it is expensive. But if you look at it from the money saved, in possible repairs, tire wear, insurance savings, it's not that expensive at all. Most insurance companies now offer a discount if your car has ABS built in. Allstate, for instance, offers a 15 percent discount on insurance premiums on cars with ABS."

"There is nothing like experiencing ABS to understand it," said Dedo. "Once a customer has it, he wants it again, because you only have to be in

Lexus was named top car in several aspects by *Car and Driver*.

one panic situation to realize how valuable it is."

Warranty is competition

New car buyers should be aware that General Motors Goodwrench has devised a new warranty to make its engines more competitive with those of

other companies, said Jerry LaVoie, the parts manager at Charnock Oldsmobile in Dearborn.

The new warranty lasts for three years or 50,000 miles and has no deductible, he said.

"That's a heck of a lot better than the old warranty, which lasted 12 months or 12,000 miles," he said.

Potential buyers also should

note that the new Car and Driver Magazine New Car Buyer's Study found that the 1990 Lexus LS 400 was found most satisfactory by customers, when compared with 17 other luxury cars.

The LS 400 scored near-perfect 9.9 ratings in door fit and hood fit. It also scored high for paint job, trunk/tailgate fit,

mileage compared to the EPA estimate and absence of wind noise, squeaks and rattles.

"The 9.7 overall average is the highest ever recorded since we started doing studies back in the mid 1970s," said Donald M. Hufford, vice president and publisher of Car and Driver. "The LS 400 also set new all-time highs for workmanship (9.8) and value (9.4) ratings."

Food

A sweet retreat

Just Desserts
Sue Willett

It's that time of year again. Yep, here I am, sitting on the porch at the Grand Hotel on Mackinac Island while the tourists ogle the luncheon buffet. It's cool, beautiful and absolutely restful, when I can get away from the rest of these newspaper people who came up here to actually discuss business at the Michigan Press Association convention.

Honestly, don't these people ever rest? I mean you have no idea the lengths to which I've had to go to avoid attending seminars and meetings where all these other folks are going to educate themselves. Now, don't get me wrong, I probably need more education than all of them put together, I just don't happen to be in the mood for it right now.

C'mon, how many of them have been dragged from one end of the country to the next looking at computer systems and output devices? Listen, my brain is on full overload and my little neurons will cease synapsing at all if they don't get some peace and quiet pretty soon.

But, I have discovered that none of them know yet where the tea room is. This is a wonderful spot in the basement of the hotel (well, the lower level) where the pastry chefs show off to anyone who happens to be walking by. Hey, these folks do their finest work here. There are raspberry tortes, chocolate cakes that are coated in melted chocolate leaves and other wondrous delights. They place these wonderful concoctions in a glass display glass which revolves in the middle of the floor. Talk about temptation.

To make matters worse (or better) they also make fudge here and the wonderful aroma wafts in the air like perfume. Hey, faced with a choice between this and a seminar on classified advertising lineage percentages or newsprint waste, where would you be?

Yep, me too. But, so I can say that I really was working, I have gathered some of the best of the Grand Hotel recipes to share. Enjoy.

Oreo cheesecake

Crust:

- 1 1/4 cup graham cracker crumbs
- 1/3 cup butter, melted
- 1/4 cup light brown sugar
- 1 tablespoon cinnamon

Filling

- 2 pounds cream cheese
- 1 1/4 cup sugar
- 2 tablespoons all-purpose flour
- 2 extra large eggs
- 2 egg yolks
- 1/3 cup heavy whipping cream
- 1 1/2 cup chopped Oreo cookies

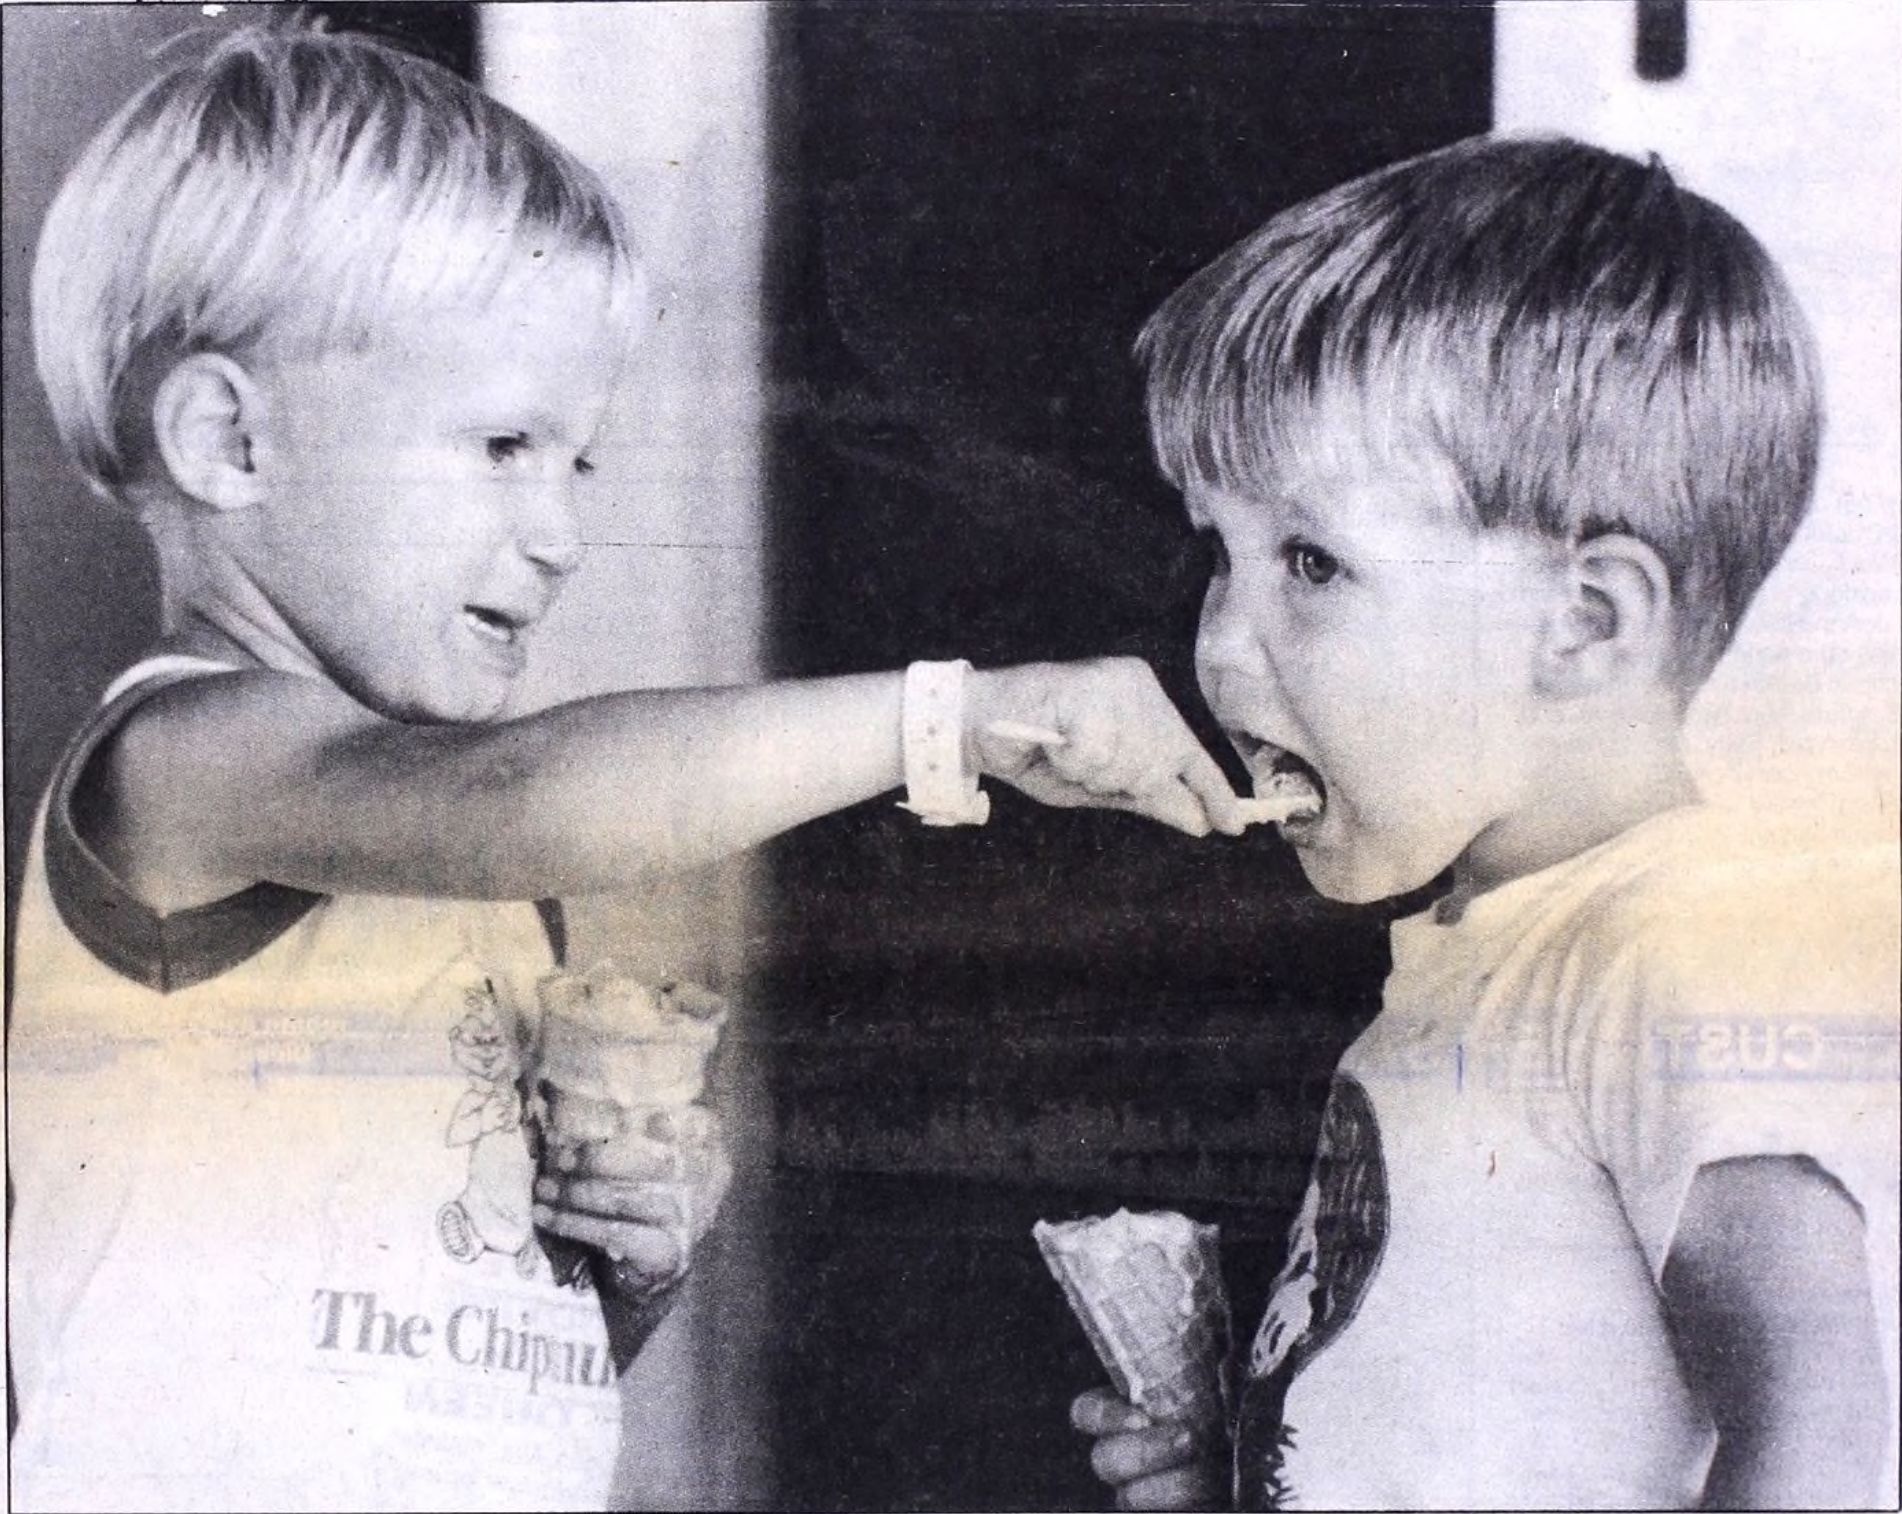

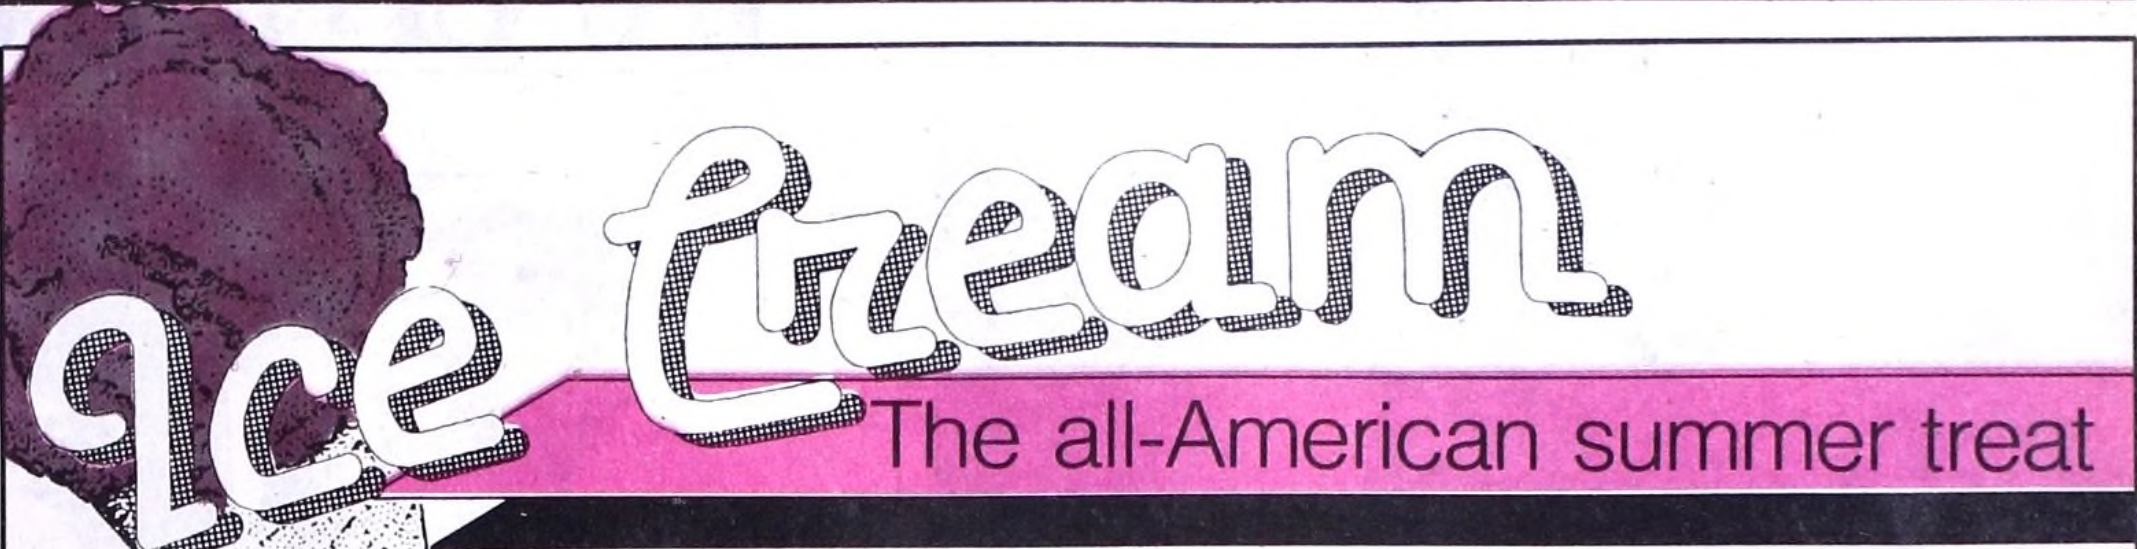

Topping:

- 2 cups sour cream
- 1 tablespoon vanilla
- 1/4 cup sugar

To make crust, combine ingredients and line the bottom and sides of a 10-inch spring-form pan. Bake at 350 degrees for 8 minutes.

For the filling, mix the cream cheese, sugar, flour, eggs, vanilla and heavy cream together. Fold the chopped cookies into the filling. Pour into the partially baked crust. Bake for 15 minutes at 425 degrees. Reduce oven temperature to 225 degrees and bake for 50 minutes more. Remove from oven.

To make the topping, turn the oven to 350 degrees. Mix the sour cream, vanilla and sugar together. Spread on top of the warm cheesecake. Bake for 7

★ NATIONAL ★ Ice Cream Week

Ice cream treats bring cool relief from the hot summer sun. Ice cream, sherbets and sorbets all offer a variety of flavors, and the opportunity for terrific combinations abound. Here are a few ideas for deliciously cool treats:

Vanilla ice cream

- 3 cups half and half
- 1 cup sugar
- 4 egg yolks, beaten
- 2 cups whipping cream
- 1 tablespoon vanilla extract

In a medium, heavy saucepan, combine half and half, sugar and egg yolks. Stir over low heat until slightly thickened and mixture coats a metal spoon. Cool to room temperature. Stir in whipping cream and vanilla. Freeze in an ice cream maker according to manufacturer's directions. Or, pour into undivided ice trays or loaf pans; cover with foil or plastic wrap. Freeze, stirring 2 or 3 times while freezing. Makes about 3 quarts.

Orange sherbet

- 1 1/4 cups orange juice
 - 2/3 cup sugar
 - 2 teaspoons lemon juice
 - 1 teaspoon grated orange peel
 - Orange-flavored liqueur, if desired
 - 2 egg whites
- Combine orange juice, sugar, lemon juice, orange peel and liqueur, if desired. Stir until sugar dissolves. Freeze in an ice cream maker according to manufacturer's directions. Or, pour mixture into undivided

ice trays or loaf pans. Cover with foil or plastic wrap. Place in freezer until firm, 3 to 6 hours. Stir 2 or 3 times while freezing. When mixture is almost firm, beat egg whites until stiff but not dry; set aside. Open ice cream maker and fold in egg whites. Or, break up frozen mixture. Process in blender or food processor until smooth but not thawed. Fold in beaten egg whites. Place in freezer.

Lemon sorbet

- 4 cups water
 - 2 cups sugar
 - 2 teaspoons grated lemon peel
 - 1 1/4 cups lemon juice
- In a large saucepan, combine water, sugar and lemon peel. Bring to a boil; stir until sugar dissolves. Reduce heat; simmer about 5 minutes. Cool to room temperature. Stir in lemon juice. Freeze in ice cream maker according to manufacturer's directions. Or, pour into undivided ice trays or loaf pans. Cover with foil or plastic wrap. Place in freezer until firm, 3 to 6 hours. Scrape frozen mixture with a fork until pieces resemble finely crushed ice. Serve immediately. For a smoother texture, process in a blender or food processor. Makes about 2 quarts.

Brown velvet

- 2/3 cup chocolate syrup
- 1/2 teaspoon vanilla
- 1/2 teaspoon almond extract
- 2/3 cup sweetened condensed milk

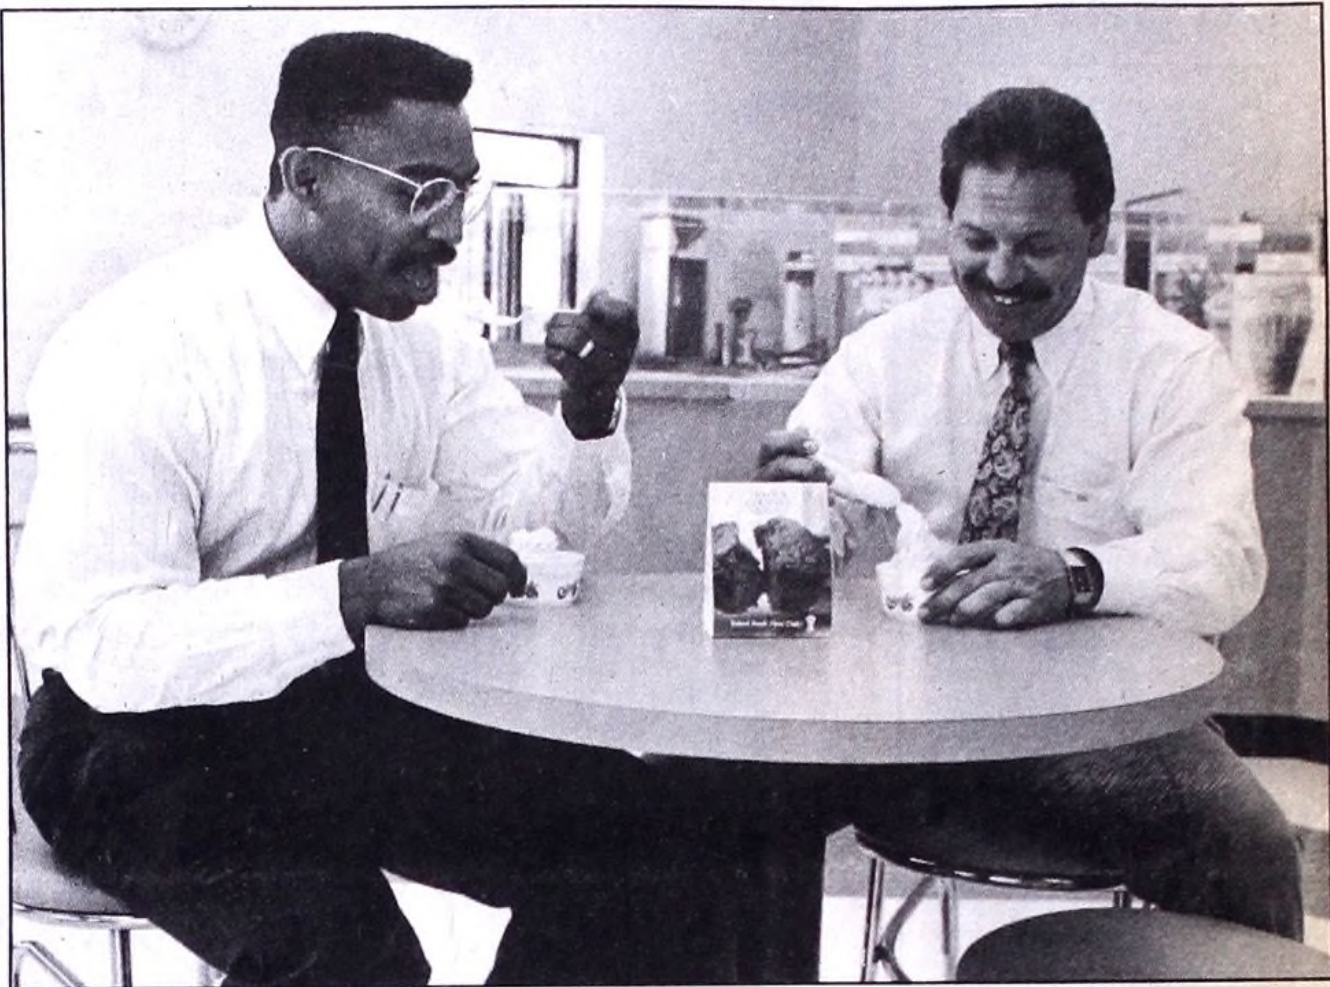

Ice cream seems to bring a smile to the faces of the young any time of year. These youngsters (top) enjoy a cool treat on one of the hottest days during the 1989 Wayne County Fair.

★ NATIONAL ★

Ice Cream Week

If you are not up to making your own ice cream in celebration of National Ice Cream Week, then there are plenty of vendors anxious to satisfy your ice cream craving. JoAnn Salem (above) of Westland serves up a perfect single-scoop ice cream cone at Baskin Robbins on Wayne Road. Businessmen Allen Bishop and Tony Ellis (above, right) stop by at the Yogurt Twist in Belleville for a taste of the less-fattening variety of an old favorite. Frozen yogurt can satisfy your craving for ice cream without boosting fat levels. ANP photos by Werner Slocum and Joan Dyer-Zinner

Food

Continued from page C-1

2 cups heavy cream
1/3 cup slivered almonds, toasted
Beat syrup, flavorings, milk, and cream until fluffy. Pour into mixer bowl and chill thoroughly in the refrigerator. Beat with mixer until flakes are formed. Add the nuts. Place in 2 ice trays or aluminum foil cups. Freeze. If desired, you may reserve a few of the almonds to sprinkle on the top and decorate with a cherry. Serves 12.

Mississippi blueberry ice cream
4 cups fresh blueberries
3 1/2 cups sugar, divided
3 tablespoons lemon juice
4 eggs
2 tablespoons cherry-flavored brandy
1 tablespoon vanilla extract
4 cups whipping cream

Combine blueberries, 1 cup sugar, and lemon juice in the container of an electric blender; process until pureed. Set aside. Beat eggs until thick and lemon-colored. Gradually add remaining 2 1/2 cups sugar, beating constantly. Add brandy, vanilla, and pureed blueberries; continue beating until well blended. Pour mixture into ice cream maker. Add whipping cream and freeze according to manufacturer's directions. Let ripen 2 hours before serving. Makes about 1 gallon.

Old-fashioned fig ice cream
4 eggs
1 1/4 cups sugar
2 cups milk
3 tablespoons lemon juice
1 pint light cream
1/2 cup cream sherry
1 teaspoon vanilla
1 quart figs
Separate eggs and beat egg yolks with 2/3 cup sugar. Scald the milk and slowly add to the egg yolk and sugar mixture, stirring constantly. Cook in the top of a double boiler until bubbles begin to form around the edges. Mixture will be hot, but not boiling. Combine egg whites with remaining sugar, and beat until light and frothy. Pour cooked egg-milk mixture into egg whites, stirring constantly. Stir in the Lemon juice and add the cream, sherry, and vanilla. Clean, stem, and puree the figs. Stir the pureed figs into the cream mixture, distributing evenly. Pour into a 5-quart freezer container, following the manufacturer's directions for freezing. Makes about 3 quarts.

Top performers slated for fest

By JOAN DYER-ZINNER
Belleville City Editor

Free entertainment by two top local performers is slated at the Sumpter Country Fest. Elvis impersonator Sherman Arnold will appear on stage between 2 and 6 p.m. July 21, and country singer Tracey Lynne is slated to perform at 8 p.m. July 20 and 21.

Arnold, who has a large following of Elvis fans, has appeared in many local clubs and shows, distributing autographed ties along the way. He calls his performance "a tribute to Elvis," rather than an imitation of the late singer.

A Detroit-based magazine rated Arnold as one of the top "Elvises" for his authentic costume, hip twitching, vocal skills, hair and sideburns plus what they termed his "Elvessence."

Tracey Lynne, 24, is a familiar performer at county fairs, festivals and community events throughout Michigan. She has appeared at the Wayne County Fair, the Belleville Area Strawberry Festival, Wiard's Apple Fest, Westland Summer Festival, Detroit Hoedown and Michigan State Fair in addition to other local appearances.

Arnold, who has a large following of Elvis fans, has appeared in many local clubs and shows, distributing autographed ties along the way.

She began singing at the age of 11 with a rock and roll group, turned to "top 40" style at the age of 15 and has been the lead singer for a country band since the age of 17. Lynne performs with the Mountain Express Band, who will join her on the Sumpter Fest stage for her Saturday evening performance.

Lynne, who plays guitar, drums, fiddle, harp, and bass, has performed in shows with Faron Young, Bill Anderson, Ricky Skaggs, Lee Greenwood, Marie Osmond and Exile.

Her first album *Let's Go All the Way* was released on the Scarlett label.

Dessert

Continued from page C-1

minutes. Refrigerate. Garnish with Oreo cookies and rosettes of whipped cream.

Sour cream chocolate chip coffee cake

1/4 pound butter, softened
1 1/2 cup sugar
3 eggs, beaten
3 cups all-purpose flour
3 teaspoons baking powder
1 1/2 teaspoon baking soda
2 cups sour cream
1 1/2 teaspoon vanilla
6 ounces semisweet chocolate chips
1/2 cup cinnamon sugar (1/2 cup sugar and 1 tablespoon cinna-

mon, mixed)

In a mixing bowl, cream the butter and sugar until light and fluffy. Add the eggs, sour cream and vanilla. Mix well. Add the flour, baking soda and baking powder. Mix well and add the chocolate chips. Pour half the batter into a greased and floured tube pan. Sprinkle with half the cinnamon sugar. Pour the remaining batter into

the pan and sprinkle the remaining cinnamon sugar on top. Bake at 350 degrees for 50 to 60 minutes or until a toothpick inserted in center comes out clean.

You could sit for hours, on a lazy summer day, watching the little boats go in and out of the harbors and marinas in Essex County just outside Windsor. . . dozens of them everywhere. You'll see cruisers making their way to the upper lakes, rowboats, dinghies, luxurious motor yachts, fast speedboats and sleek racing sloops. Relax and enjoy yourself.

It's "the place that invented the Canadian sunset": **Leamington Dock Restaurant**, only 10 minutes from Point Pelee. Your view from the dining room includes the horizon of Lake Erie, a beautiful marina and a mile-long crescent beach. Enjoy informal fine dining from the kitchen of Chef Pimblett: fresh perch, pickerel, salt-water fish flown in daily, and more. Dinner Theatre on weekends. For reservations call (519) 376-2697 or (519) 322-2506 (theatre).

You probably can't buy the fashions of Toronto and Montreal, Europe and the British Isles in your neighborhood, but you can in this one: downtown Windsor. With tasteful, distinctive fashions available nowhere else. Not to mention jewelry, furs, sporting goods, books, records, etc. For information on shopping in downtown Windsor, call (519) 252-5723.

TRAVEL

Vacation spots close to home as relaxing as those far away

By JOAN DYER-ZINNER
Belleville City Editor

Keith and Ginger Bruder face the same vacation dilemma that plagues most two-career families – an inability to leave their businesses for lengthy vacations. Their solution is to take short trips, often stopping at “bed-and-breakfast” country inns.

“It’s difficult for Keith to leave his landscaping business – particularly in the summer months,” Ginger Bruder said. “It’s also difficult for me to leave my shop (Miss Ginger’s on Main Street) for long periods even though I do have an excellent staff to carry on in my absence.”

“We enjoy trips to Port Huron, for example. It is not too far away, not crowded and has nice shops. It’s a peaceful getaway,” she said. “We often stop

Family Travel

at the Raymond House – a bed and breakfast inn – in Port Sanilac. Once U.S. Sen. Carl Levin and his wife, Carol, stopped there at the same time we were visiting. We also like the Governor’s Inn, in Lexington.”

Ginger Bruder likes the homey atmosphere of the bed-and-breakfast inns. The Bruders have made the inns their regular stops all across the country. “It great to wake up to the smell of fresh-baked muffins,” she said. “The hospitality is wonderful at the inns, and the food is excellent.”

Other bed-and-breakfast inns

in Michigan are:

- Home Away From Home, Lansing, a northern chalet which features “homeyness with casual elegance;”

- National House Inn, Marshall, a retired 1835 stagecoach inn;

- The Seymour House, South Haven, an 1862 Italianate Victorian home on nine acres;

- Gibson House, Greenville, a 1870s Georgian mansion with 22 rooms;

- Borchers’ Au Sable, Grayling, with a wraparound balcony, and

- Stafford’s Bay View Inn, Petoskey, a restored 1886 inn which has been designated as a historical site.

The Bruders also find numerous interesting sites to visit in Indiana – a variety of good inns, nearby locations and historical attractions – just right for a busy working couple.

MUNICH FOR BEER LOVERS

A very popular saying in Munich, Germany is ‘May I have a beer?’ If you like beer, you’ll love Munich. Beer is to Munich as water is to Niagara. The largest beer station is the famed Hofbrauhaus which has been in continuous operation since 1589. It could seat the whole population of a suburban town.

The beginning of Lent means the start of the ‘Starkbierzeit’ - the strong beer season. One drinks ‘Salvator’, a dark intoxicant with an alcoholic content of 5.5%. Cars could run on it!

By May, it is time for ‘Maibock’, which is blonde. That’s a warmup for the biggie of the year - ‘Oktoberfest’ - a 16-day beerbust in which the oompah bands are set up in tents. In Oktoberfest, when the Municher is not drinking beer, he is eating spit-roasted fish and chicken.

We have six night/seven day trips available from Detroit at \$1,499 including the Rhine, Munich, Venice, Garmisch and Rothenburg. Departures are September 15, 16, 20, 21, 22, 23, 27 and 28.

Area man named top alumnus

A lifelong resident of western Wayne County was honored as the Wayne Memorial High School distinguished alumnus of 1990 during the June 9 commencement ceremony.

The award was presented to Justin Emerson, a former Belleville mayor and councilman, by Wayne Principal Ronald Stratton.

Emerson, a 1931 Wayne High School graduate, was elected president of his senior class, and was involved in athletics during his high school years.

Emerson was born in Inkster July 27, 1911, to Samuel and Belle Emerson, and moved with his family to Romulus at the age of eight. He attended a one-room school through the eighth grade and then attended Wayne High School.

He served briefly in the U.S.

Army in 1941 and, following his discharge, married Marguerite Znoski. The couple resided in Wayne for one year before he was recalled into the service and saw action in Europe for 13 months.

Emerson, who was employed by Detroit Edison Company, moved to Belleville in 1951 and served as local manager of the utility office. He also was a member of the local Selective Service Board from 1954 to 1974.

He served in various capacities with the Boy Scouts of America, and volunteered his services to the Scouts, Little League and Belleville Rotary times as president of the Businessmen's Association, which later became the Belle-

ville Area Chamber of Commerce.

Emerson was a member of the Belleville City Council from 1962 to 1964. In 1975 he was appointed to fill a vacancy on the council, and later that year, he successfully ran for the office of mayor. After serving two four-year terms, he retired Dec. 1, 1983.

He is a member of the First United Methodist Church of Belleville, where he served as a lay leader and member of several boards and councils during the past years.

The Emersons are the parents of William, of Belleville; Richard, of Lansing; Samuel of New York, and Patricia Groeschner, of Connecticut.

Justin Emerson

Your new neighbors just moved in...

Did you meet them yet?

Almost 1 of every 5 Americans moves each year, and wherever Americans move, Getting To Know You welcomes them, with much more than just "Howdy." Getting To Know You and its sponsors make new families in town feel welcome with a housewarming package full of needed information about selected community services. Getting To Know You is the best way fine merchants and qualified professionals can invite new business, new friends to come in.

Church's has the Best Weather Resistant Lumber in Town!!!

Water beads right off Wolmanized EXTRA Weather-Resistant Lumber because it's got something "extra" — it's pressure treated with a special water repellent to prevent moisture penetration from rain and snow. All wood swells and expands when it absorbs moisture. As it dries, it releases moisture and shrinks. Constant expansion and contraction causes grain raising, checking, splintering and warping. Spray or brush-on water sealers just can't repel water like Wolmanized EXTRA Lumber. In laboratory tests Wolmanized EXTRA Lumber shows almost two-thirds more moisture resistance than pressure-treated lumber protected with a leading water sealer. Of course, this fantastic lumber is also pressure treated for lifelong protection against termites, rot and decay. Don't settle for ordinary treated lumber. Insist on Wolmanized EXTRA!
